Washington Roundup

(International News Service)
It is reported in congressional circles in Washington today that the administration has virtually abandoned the controversial Arabian oil project. The senate oil policy committee advised the administration that a majority of its membership is opposed to the proposed oil pipeline in the near east.

With word that the oil proposal is being dropped comes the disclosure that a project is being worked out to provide Britain with large numbers of American transport planes to build up her postwar civil aviation. In return for the American planes Britain would be expected to provide concessions such as the use of British bases throughout the world.

The OWI reports that American transport planes, now used by the army air forces medical services, helped evacuate 173,527 American sick, wounded and injured personnel in 1943 with the loss of only eleven lives in flight. This is, the OWI says, an average of only one death for every 15,755 patients evacuated during last year.

Other American planes—the bombers and fighters—are blasting Japan's outer Pacific defenses in an aerial offensive which military circles believe to be paving the way for new invasion thrusts deep into enemy territory. Gen. H. H. Arnold, army air force chief, reports a total of 5,827 Jap planes destroyed up to May 15.

On Capitol Hill, sponsors of two resolutions calling for investigation of the CIO political action committee are expected to bring the issue to a head before the house rules committee today, while the senate considers the house-approved tax simplification bill.

The United States is going to be on a hot spot this summer, it is disclosed, because there is a shortage of air conditioning chemicals.

PA NEWC Observes

Sunday, May 21st, has been declared by President Roosevelt as "I AM AN AMERICAN" Day, following the authority of Congressional Resolution of May 3, 1940. In many cities the day will be observed with various types of celebrations. In the celebrations attention is paid to those men and women who have become citizens of the United States within the past year.

Pa Newc is hopeful that the three deer sighted in the vicinity of Mercer and Northview avenues this morning as related elsewhere in this issue, were not out scouting for some of the tender offerings afforded by early victory garden efforts in the district.

Daylight Smash Against Berlin By U.S. Bombers

Brief Raid Respite For Nazis Broken By 1,500 Plane Attacks Today

BRUNSWICK ALSO HEAVILY POUNDED

By JOHN E. EE (U.S. Staff Correspondent)

LONDON, May 19.—Powerful formations of American heavy bombers and escorting fighters, some 1,500 strong, rocked the Nazi capital of Berlin and the fighter plane production center of Brunswick by daylight today in a smashing resumption of all-out aerial assaults against the Reich.

Enemy sources reported that the rail center of Osnabruck in northwestern Germany also was hit. Four-motored B-17 Fortresses and B-24 Liberators, protected by Lightning, Thunderbolt and Mustang fighters of the American Eighth and Ninth Air Forces carried out the assaults, which Nazi propagandists insisted were met by fierce opposition from German interceptors.

Over 750 Bombers Well-informed observers estimated that up to 750 heavy bombers and an equal number of fighters made up the raiding formations, which apparently struck telling blows at the bomb-pocked German capital and the Brunswick area, center of an important Nazi fighter plane factory layout.

Coastal observers said the formations in action today were the greatest yet seen in this war, with several large flights apparently hitting the French invasion coast.

An official announcement of the attacks referred to the Berlin-Brunswick raiding squadrons as "strong forces."

End Brief Respite The attacks ended Germany's brief respite from heavy blows and sent enemy propagandists chattering about blazing dogfights over the Reich. The announcer of the main Nazi home radio chain reported that two separate formations made their way deep into the Reich, only to be engaged by Luftwaffe interceptors in furious dogfights.

Vital German-Held Points Behind Italian Front Targets Of Bombers

By MICHAEL CHINIGO (U.S. Staff Correspondent)

NAPLES, May 19.—Sustained aerial assaults both day and night against vital German-held road junctions immediately behind the battle area on the Italian front were reported today by headquarters of the Mediterranean Air Force. Heavy and medium bombers during the night blasted the important communications centers of Frosinone, 22 miles northwest of Piedmonte, Valmontone and Terracina in support of Allied ground forces smashing at the Hitler line.

Cut Retreat Lines Light bombers and fighter-bombers dedicated themselves to cutting the Nazi retreat lines along the present battle front.

Shuttle attacks were made against the vital Ceperano road junction only 12 miles northwest of Piedmonte, immediate objective of Polish forces of the Eighth Army. (These craft also hammered Pontecorvo, key point in the Hitler (Continued On Page Two)

North Burma Allied Successes Amazing

By MAJOR PAUL C. RABORG (Written Especially for I.N.S.)

NEW YORK, May 19.—Lieut. Gen. Joseph Stilwell's successes in North Burma are amazing. Myitkyina is the northern terminus of the Rangoon-Mandalay railroad. It is astride of the new Ledo road. It is Japan's strongest base in Northern Burma and supplies Fort Hertz, Nippon's northern most outpost.

Myitkyina is in the least mountainous portion and therefore is most ideal as an air base. The fall of its Japanese airfield insures the doom of the town. Already American planes are using the airstrip and rapidly bringing in reinforcements and supplies for Gen. Stilwell's hard driving columns.

Halt Jap Reinforcements

For some time past the Chindits British-Gurkha-Indian-Nigerian troops transported by air by Colonel Cochran and his American commando transport units, have held a location on the railroad 90 miles to the south of Myitkyina. Thus Nip-

Part of that spectacular rescue of 22 survivors of American planes shot down off Truk, the Jap base in the Carolines, by a U. During the rescue operations the sub had to dodge the shells from Jap shore batteries.

U.S. Forces Are Driving Against Wakde Airdrome

New Landing By Americans Moves Allies 150 Miles Nearer Philippines

LANDINGS FOLLOW HEAVY BOMBINGS

By FRANK ROBERTSON (U.S. Staff Correspondent)

GEN. DOUGLAS MACARTHUR'S HQ., New Guinea, May 19.—American amphibious forces which Hollandia battled today on the fringe of the Wakde Islands' main airdrome and fall of that vital Dutch New Guinea base appeared imminent.

"Possession of the Wakde airdrome will give us adequate air coverage over all of Dutch New Guinea and success of the operation presages reconquest of the entire province," Gen. Douglas MacArthur declared, in announcing initial successes of his latest tri-phased offensive.

Within a few hours after the first landings, Yank infantrymen had carved out an important mainland beachhead and occupied one of the two islands comprising the Wakde group.

Four Young Girls And Three Young Men Killed In Illinois Tragedy

MT. CARMEL, Ill., May 19.—(INS)—Grief swept this little community today as townspeople mourned the death of seven teen-age young people killed in a train-auto crash. Four girls and three boys—members of six families—died as the car in which they were returning from a rural youth meeting was struck shortly before last midnight by the northbound New York Central passenger train.

No one witnessed the accident. The car was hit as it was being driven on a gravel road which (Continued On Page Two)

Russian Forces Repulse Counter Attacks By Nazis

MOSCOW, May 19.—(INS)—Soviet infantrymen and artillerymen were credited today with annihilating upwards of 1,000 German troops in capturing an important height of the Polish front and repulsing enemy thrusts in the Traspol and Vitebsk sectors.

When Russian forces launched a local attack southeast of the Polish rail junction of Stanislawow, they captured what was officially described as a "height of considerable importance." The retreating Nazi left 90 of their number killed or wounded upon the battlefield.

On another nearby sector, Soviet forces repulsed "several" enemy attacks and destroyed two Nazi companies—approximately 300 men.

German Counter Attacks

Unsuccessful German counter attacks northwest of Traspol on the lower Dniester were smashed by concentrated Soviet infantry, artillery and mortar fire. About 600 Nazi officers and men were annihilated as the enemy sought desperately to retrieve positions lost to the Red Army the day before.

"All the enemy's further attacks were unsuccessful," the Russian communique added.

Southeast of the enemy's White Russian stronghold of Vitebsk, German forces followed up an artillery preparation with reconnaissance thrusts. At least 60 Nazis were slain when Soviet forces opened up from a close distance with "heavy fire."

Report Evacuation Of Genoa Ordered

(BULLETIN) (International News Service)

NEW YORK, May 19.—(INS)—The Germans have ordered "immediate evacuation" of the civilian populations of Genoa and "another dozen localities along the Italian Riviera where the Allies may carry out offensive operations," the British radio declared today.

The British broadcast quoted Swiss reports and was heard by CBS.

German Raiders Make Attacks On Ukraine Rails

LONDON, May 19.—(INS)—German bombers during the night carried out three raids on "main railway lines in the northern Ukraine leading to Kowel," the Nazi agency DNB reported.

An earlier wireless dispatch by DNB, recorded by Reuters, said that Kowel itself, an important rail center inside pre-war Poland, had been attacked. Later DNB corrected the announcement.

German forces themselves at last reports were holding Kowel.

Three Front Attack Will Strike Nazis

LONDON, May 19.—(INS)—The forthcoming Allied land attack from the west "will be only one of three such fronts of attack," Field Marshal Jan Christian Smuts, premier of South Africa, declared today.

"The issue... may not be decided on this front or the other two," Marshal Smuts said, "but by all three combined."

"It will be a triangular attack, the combined effect of which will end Nazism."

"The attack will be coordinated with one by Russia from the east, Anglo-Americans in the south and Anglo-Americans from the west."

"Properly conducted unified strategy of the triangle may bring a final decision in Europe much earlier than the pessimistic forecast."

Marshal Smuts statement was made at a ceremony at which he received the freedom of Birmingham.

Fifth Army Hits At Southern End Of Hitler Line

Gains Of Four To Six Miles Over 25-Mile Front Are Reported

YANKS AND FRENCH TAKE MONTICELLO

By JAMES L. KILGALLEN (U.S. Staff Correspondent)

NAPLES, May 19.—The Allied Fifth Army in Italy, hammering out gains of four to six miles over a 25-mile front across tortuous mountain terrain, assaulted the southern bastions of the Hitler line today.

On the northeast flank of the battleline, the Eighth Army which smashed the Nazis from Cassino hurled the Germans back against the Hitler fortifications in the Aquino-Piedmonte area.

French and American troops of the Fifth Army captured the town of Monticelli, two and one-half miles northwest of occupied Esperia, and took Mount Faggeto. Advanced spearheads smashing at the outposts of the Adolf Hitler line were attacking Oliva in the direction of the strategic road junction of Pico.

The Eighth Army, after capturing Cassino, struck forward against the (Continued On Page Two)

Tokyo Claims Allied Bombers Raid Surabaya

NEW YORK, May 19.—(INS)—The Tokyo radio reported today that Allied bombers raided the key naval base at Surabaya, Java, twice within 24 hours and nervously warned its listeners that new blows "from the Indian ocean" must be expected.

The announcer, after asserting that the attacks presumably were made by carrier-based warplanes, part of a task force "coming from the direction of the Indian ocean," said:

"There is no doubt that the enemy will seek further opportunities from the Indian ocean."

U. S. government monitors heard the broadcaster report that some 50 bombers and fighters carried out the first attack Wednesday morning, admittedly inflicting "some damage" to important ground installations.

It was at this point that he asserted:

"It appears as though the enemy came as a portion of a task unit based on an aircraft carrier."

Yesterday morning, the announcer continued, fresh flights of bombers dropped over the base "one by one." They appeared to be "consolidated bombers," he added.

Tokyo claimed that three enemy planes were shot down by ground defenses during the first raid and two others damaged during the second assault. The station made no mention of aerial defense by Japanese planes.

No Whistles To Blow Here When Invasion Starts

Director of Safety D. O. Davies today stated that he, as head of the department of public safety, which includes the fire department, has decided to not have the various fire whistles blow when the invasion from England starts. It was also reported that the noon whistles for prayer also would be discontinued.

Councilman Davies believes that the sounding of whistles would cause more emotional strain than now exists and he likes the suggestion broached several days ago that as soon as the proposed invasion begins that everybody who has a flag should display it as a silent tribute to the boys who are carrying the fight for the people back home.

NAZIS RETREAT IN CONFUSION

(Continued From Page One)

confusion, the Nazi officers left suicide snipers behind in an attempt to slow the Allied drive.

Some of the snipers just were no match for the courage of the American doughboys. With faces smeared by seven days of battle-grime, the Yanks in all parts of town seemed to have two or three German regimental patches to prove they had taken prisoners.

At the town's edge, the Germans apparently let us get everything set, tanks and even some artillery. Then they opened up a terrific three-hour artillery barrage from the direction of Gaeta Point.

Most of us clung to the ground, but throughout the shelling Maj. Andrew K. Cheek of Stockdale, Tex., remained perched atop his tank. He had been the first man in the town the night before and also had knocked out three anti-tank guns a short way down the road Wednesday morning.

Nazi Retreat Rapid

"It was just like shooting deer when they tried to get away," the major said.

Some idea of the speed of the German retreat was indicated by a couple of artillery lieutenants who entered Formia last night, looking for an observation point. They didn't realize they were in Formia.

Lieut. Garner F. Vollmar of Miami, Fla., and Russell Hearing of Richmond, Va., entered the town before the first U. S. Infantry after the tanks withdrew. They saw the Germans scurry out the other end of town and up into the hills. The road from Scari to Formia was littered with loot—many heavy enemy guns, thousands of rounds of ammunition, and every conceivable type of German field equipment.

Correspondents who are running short of pencils and paper now are taking notes on the enemy's retreat by using abandoned German supplies.

We were seen in the silence of the night transmitters over a wide area and the disappearance of large formations of Allied bombers and fighters in the direction of Calais. These squadrons crossed the straits shortly after 1 p. m. (7 a. m. EWT) in brilliant sunshine.

Observers on England's east coast reported still larger flights passed overhead at "great height," flying in a southeasterly direction. These sources reported "this was the largest formation of planes that has passed over this town in this war. They took two hours, going to the continent."

Capt. O. McFarland In United States; Arriving Saturday

Capt. Oren D. McFarland, a reserve officer of the United States Army, has arrived in the United States from Italy, and is expected in New Castle either this evening or Saturday. This will mark his first visit in three years with his wife, Mrs. Louise McFarland, and three small daughters, Beverly, Barbara and Karen, of Northview avenue.

Captain McFarland has been actively engaged in England, Africa and more recently Italy, with the U. S. Armed Forces. He has been an officer of the U. S. Reserves for the past 14 years, and is one of the living sons of Mrs. E. A. McFarland of 1213 South Mill street, five of whom are at present serving their country.

NORTH BURMA ALLIED SUCCESSES AMAZING

(Continued From Page One)

ponese reinforcements have been unable to reach either Myitkyna or Fort Hertz.

The object of General Stilwell's entire expedition is to make possible the extension of the new Ledo road out of Ledo, India, until it joins the old Burma road into China. To accomplish that objective, Myitkyna had to be eliminated.

By the daring strategy just mentioned, the Allies have gained the following extremely advantageous positions in northern Burma. An Allied force some time ago had reached a point 40 miles to the north of Myitkyna. General Stilwell's Chinese divisions, just prior to the capture of the airfield, were approximately 40 miles to the west of that northernmost Japanese base.

Allies Converging

The American-trained Chinese expedition out of Yunnan Province is said to be 75 miles east of Myitkyna. The Chindits were 90 miles to the south. Thus you see that this northern railroad terminus held by the Nipponese now has Allied forces on four sides rapidly converging on Myitkyna.

It would seem that all of the Japanese in northern Burma are trapped and doomed. Already the enemy units at Fort Hertz are separated from their base. If the Allied troops can effect a junction with the Chinese column out of Yunnan before the monsoon starts the Ledo-Burma road might be opened yet this year. At the worst, it would insure that work may continue on that overland route to China through the monsoon season.

Therefore, as the situation now stands, it is entirely possible that by the end of the monsoon, say next May, all of the Japanese in eastern India and northern Burma may have been eliminated.

U. S. FORCES ARE DRIVING AGAINST WAKDE AIRDROME

(Continued From Page One)

coverage Wednesday and Thursday, encountered scarcely any Japanese opposition in their initial stages. Moreover, they placed United States spearheads within 350 miles of Manukwari, near the western end of New Guinea.

Gen. MacArthur's latest surprise assault came as a quick follow-up to last month's rapid-fire capture of Hollandia and Aitape, and the first liberation of Netherlands territory from the Japs.

American infantrymen stormed ashore at dawn Wednesday and by 11 o'clock that morning had established a seven-mile beachhead below Sarmi on the New Guinea mainland. Almost simultaneously, another landing resulted in occupation of Insanah Island, offshore.

Third Landing

At dawn Thursday, the third landing force attacked the main Wakde Island of Insanah in the face of fire from Japanese shore positions. The initial enemy resistance, however, was quickly crushed and the American infantrymen rapidly fought their way to the edge of the important Wakde airfield.

The landings came as a climax to six weeks of concentrated aerial bombardment of the Wakde-Sarmi area during which more than 1,250 tons of high explosives were cascaded down upon Jap installations. Of this total, nearly 1,000 tons fell within the last week alone.

As at Hollandia, the invading force found few Japs in the area and only 30 were killed in the first 36 hours of combat. Total American casualties up to that time were four killed and 32 wounded.

Nearer Philippines

Wakde's airfield, located 20 miles east of the Armi area, is known to have a coral surfaced runway 4,700 feet long. It can be extended to approximately 7,000 feet, sufficient room for American heavy bombers to operate against the Philippines, less than 1,000 miles distant.

Air actions mentioned in the communiqué included another of the oft-repeated strikes against Biak main island in the Schoutens group, less than 200 miles west of Sarmi. Kavieng and Rabaul, main enemy bases in the New Ireland-New Britain area, also were hit again.

Medium bombers hit fuel and ammunition dumps in the Rome area and between Rome and the front.

Hit Railroad Bridges

Medium bombers attacked railroad bridges in central Italy while lighter craft smashed military targets in the battle area.

The coastal air force swept the Yugoslav and Albanian coasts to attack shipping and port installations to prevent Nazi Field Marshal Albert Kesselring from bringing in supplies from the Balkans.

Strikes against the Balkans were carried out by be-bombed 500 and 750 heavy American bombers, headquarters said.

Despite unfavorable weather the bombardiers hit oil refinery installations at Ploesti, Romania, and rail yards at Belgrade and Nis, Yugoslavia.

In the entire day's operations 2,200 sorties were flown. Fourteen German planes were destroyed while 13 heavy Allied bombers and eight other Allied craft were listed as missing.

escorted navy plane was credited with the probable sinking of a 10,000-ton tanker and a medium sized cargo vessel in a daring sortie against the Jap stronghold in the Carolines. Light anti-aircraft fire was encountered by the attacking plane, which made the raid Tuesday.

Crew Wounded

Moving 105 miles westward, the same plane bombed and strafed an air-strip and troop barracks on Puluwat Island. The Nimitz announcement disclosed that both the pilot and co-pilot of the navy search plane were wounded by anti-aircraft fire from Puluwat but brought their bomber back to its base.

Seventh Army Air Force Liberators hit the former American-held island of Wake in a daylight raid the same day, starting large fires. Minor damage was inflicted on two bombers by anti-aircraft fire, described as "moderate."

On the same day, Seventh AAF Mitchell bombers raided Nauru, at the western approaches to the Gilbert Islands, hitting a phosphate plant and anti-aircraft batteries. Explosions and fires were observed and returning fliers reported intense ack-ack.

Mrs. William A. Barthegeer

Mrs. Edna Barthegeer, aged 45 years, wife of William A. Barthegeer of 705 North Mercer street, died Thursday evening at 8 o'clock after a long illness. Mrs. Barthegeer died at the home of her foster parents, Mr. and Mrs. Ernest Eakin, 1310 Croton avenue.

Mrs. Barthegeer was born in New Castle January 18, 1898, daughter of Edward and Margaret Pritchett Varley. She was a member of St. Joseph's church.

Surviving are her husband and three children: Albert Barthegeer, Mrs. Ruth Ridenbaugh and Mrs. June White, this city; four grandchildren; two brothers and a sister, Mrs. Frank Homberg, Baltimore, Md.; Pvt. Leroy Varley, U. S. army, Calif.; John Varley, this city, and her foster parents, Mr. and Mrs. Ernest Eakin.

High mass of requiem will be celebrated Monday at 9 o'clock in St. Joseph's church. Interment will be in the church cemetery.

The body is at the home of her foster parents, Mr. and Mrs. Ernest Eakin, 1310 Croton avenue, where friends may call.

Mrs. Shaffer Funeral Time

Funeral services for Mrs. Alice A. Shaffer, 910 Lorain avenue, will be held Saturday at 2 p. m. in the Cunningham funeral home, East Washington and Chestnut streets and interment will follow in the Sylvania Hills cemetery, Beaver Falls.

Mrs. Shaffer is also survived by two brothers, James L. Patton and George Patton.

Miss Mitchell Funeral

Solemn high mass of requiem for Miss Elizabeth M. Mitchell, of 424 Garfield avenue, was offered this morning in St. Mary's church at 10 o'clock. Rev. Fr. Leo S. Watterson, celebrant; Rev. Fr. Francis King, deacon; and Rev. Fr. Francis McCarter, sub-deacon.

Services were largely attended, and many floral pieces were received.

Burial services were: James F. Mitchell, Jr., William P. Mitchell, Jr., George F. Mitchell, Jr., Merritt Mitchell, George W. Kay and Edward P. Fulkerson.

Interment was in St. Mary's cemetery, and Father Watterson conducted the committal service at the grave.

Mrs. Eckhardt Funeral Time

Funeral services for Mrs. Nellie V. Eckhardt, of 731 Court street, will be held from the Joseph B. Leyde mortuary, Highland at Winter, Sunday at 2:30 o'clock. Rev. J. H. Boone in charge.

Interment will be in Graceland cemetery. The family will receive friends this evening 7 to 9 o'clock; Saturday, 2 to 4 and 7 to 9 o'clock.

SECRETARY EDEN REPORTS GERMANS SHOOT 47 AIRMEN

(Continued From Page One)

been shot by the Germans after a mass escape from Stalag Luft Three.

Seventy Six Escape

According to information received, Eden said, the representatives of the protecting power were told in the course of a routine visit to the prisoner camp that on March 22 a group of 76 officers had escaped from Stalag Luft Three. Of the total, 15 were recaptured, 14 still are at large and 47 were shot.

Some were shot while "resisting arrest," it was said, while others were shot while "attempting a new escape" after their recapture.

Eden declared that the British government was profoundly shocked at the news and as a result has requested full and immediate report from the German government concerning the circumstances in which the men met death.

Names of the officers shot were given to the protecting power representative during a visit on April 7 and the next of kin have been informed.

FIRST CHRISTIAN HAS "MOTHERS DAY"

Mothers and daughters alike shared honors at the First Christian church Thursday evening when they gathered for their annual banquet, the event attracting guests numbering upwards of 110.

The assemblage was served at tables colorfully appointed with clusters of lilacs, purple and white flowers. The delicious full course menu was the culinary art of Cathedral Chapter No. 440, Order of the Eastern Star.

"Faith Of Our Mothers" was sung in unison as the opening, and Mrs. Hays offered the invocation. Mrs. Frank Douds introduced the toastmistress, Miss Dorothy Young, who presented those taking part. Barbara Mitchell gave a flute solo with her mother, Mrs. R. J. Mitchell, accompanist. "To My Mother" was repeated by Mrs. Clarence Miller; vocal selection, "To My Mother" was sung by Marsten Wheldon with Mrs. Richard K. Allen accompanist. "To My Mother" was given by Miss Mildred Miller; vocal selection, "To My Mother" was given by Miss Mildred Miller; vocal selection, "To My Mother" was given by Miss Mildred Miller.

Honor was paid the eldest mother, Mrs. H. F. White, and the youngest mother, Mrs. Donald Headings, who participated. Each received a special remembrance.

METHODISTS HONOR MOTHERS-DAUGHTERS

Mothers and daughters of the First Methodist church held their annual event this year, in the form of a dessert, in the social rooms of the church, with over a hundred participating. The rooms were literally transferred into an outdoor garden, with an abundance of cut flowers, artistically arranged.

Mrs. J. W. Post, president, gave the welcome address.

The program consisted of singing "America" with Mrs. Burr R. McKnight offering the invocation. Two vocal selections were sung by Chester Kyle with Miss Lillian Server, accompanist. He chose "Mother McCree" and "That Wonderful Mother O' Mine." A piano solo was offered by Miss Eleanor Sloan, followed by a "Toast to Mothers" by Mrs. Edward Everett and a "Toast to Mothers" by Miss Janet Everett.

The highlight was a review of the book "Apple in the Attic," entertainingly presented by Mrs. Henry Neill.

During the evening, recognition was given the following: two eldest mothers in attendance, Mrs. W. Sedgwick and Mrs. Abby Welsk; the two youngest mothers, Mrs. Willard Foster and Mrs. Thomas Green; the two mothers having the largest number of daughters in attendance, Mrs. J. W. Louer and Mrs. Harry Ward; youngest guest, Joan Burton. Each was presented with a special corsage from the membership.

Dessert was served by Mrs. Clarence Coates's group of the WSCS of the church, aided by Mrs. Jesse Kerr, Mrs. Frank Moolhead and Mrs. E. C. Buzard, as the closing feature.

HADASSAH PLANS CONCLUDING EVENT

MARY BULLANO GIVEN SHOWER; TELLS PLANS

Showering Miss May Bullano bride-elect of this month, her maid of honor, Miss Ida Casacchia entertained informally at a lovely "personal shower" at the residence of the former on East Home street Thursday evening, for twenty-five friends.

The occasion also served a medium of making known the honoree's plans. On Thursday, May 25 at 9 o'clock in the morning, Miss Bullano will become the bride of Dominic Chiatullo in St. Vitus church. She is the daughter of Mr. and Mrs. Michael Bullano, and the prospective bridegroom is the son of Mr. and Mrs. Rocco Chiatullo, Grove avenue.

Following a period of card playing, awards were made to Mrs. William Mooney for honor in bridge while Mrs. Paul Hayes and Miss Ann Buntman carried off honor trophies for 500.

The guest of honor was later presented with a collection of prettily wrapped packages, and when opened, revealed many lovely personal gifts.

Miss Casacchia was aided in serving a dainty repast by Miss Dorothy DeCarbo.

FRIENDSHIP CIRCLE HAS ANNUAL PROGRAM

Friendship Missionary Circle of the Peoples Mission, held their Mothers-Daughters event Thursday evening, in the home of Mrs. Daisy Weyrick, West Washington street. "Did You Think To Pray?" was the opening hymn with Mrs. Lena Caldwell, accompanist. Mrs. Erna Overy led devotions.

The program given included the following: Vocal solo "When Jesus Comes Home" by Mrs. Edward Johnson; vocal duet "My Mother's Prayers" by Mrs. Harr Shaffer and Mrs. Grove Byerley; poem, "Mothers Watch" by Mrs. Jennie Cameron; solo, "What A Friend We Have In Mother" by Mrs. Lena Caldwell. A special highlight was a letter read by Mrs. Jeanie Cameron received from Pvt. Robert Murphy in England.

Refreshments were served by the hostess with Mrs. Byerley and Mrs. Margaret Helrick, aides.

Next meeting will be June 15 with Mrs. Lena Caldwell of Gardner Lane, with Mrs. Sadie Houk co-hostess.

HUSBANDS HONORED BY E. N. C. MEMBERS

Husbands were honored Thursday evening, at the annual dinner party given by members of the E. N. C. club. The occasion was held in the home of Mr. and Mrs. I. J. Lytle of East New Castle, with a delicious prepared menu being served at 6:30 o'clock.

A cluster of the season's flowers formed the table centerpiece, and following, the time was spent leisurely. An exchange of "Sister Gifts" also took place among the ladies.

June 15, Mrs. Lee Whitacre of Schenley avenue, will entertain at the regular meeting.

CASTLE HILLS CLUB "LADIES DAY" EVENT

Washington Calling

By MARQUIS CHILDS

Sweden's Choice

WASHINGTON, May 19.—Sweden now has no choice but to end the shipment of vital ballbearings to Germany. Quite apart from technicalities or theoretical rights, this has become a symbol of whether the people of Sweden stand with or against us in this moment of trial.

Everything contained in the week-end statement of the Swedish foreign office may be literally true. The percentage of ballbearings sent to Germany from Sweden is small. These shipments are made under an agreement signed with Britain and the United States.

But the very fact that some German planes which shoot down American planes and kill American fliers, contain parts made in Sweden cannot be rationalized here. It's one of those things that go down deeper than all surface arguments when nations are in mortal combat.

Not Such A Risk

It isn't as though we were asking Sweden to take this step in, say, the summer of 1943 when there was still a long wait ahead. Then the risk that Germany might stop shipments of coal and otherwise choke off Swedish industry would have been too great.

Surely now when every other democratic country has paid a heavy price—in Norway and Denmark—Sweden can take this step. If any lingering doubts of an Allied victory exist, they should be promptly dispelled. America, Britain and Russia are going through with this to the end.

That's why in the long run Sweden's own self-interest would be served by prompt action at this time. The pattern of world trade will be fixed by the victorious powers.

Just what that pattern will be no one can say with finality today. Much of the thinking in America, within industry as well as within government, is opposed to cartelization—assigning world markets in accord with the desires of dominant companies.

Pattern Before 1939

The British at this stage appear to prefer to lean on trade agreements that would prevent unlimited competition. They would set up new controls with the United States which would cut out the German firms that once were part of the world network.

Sweden's SKF Ballbearing company, with plants in Germany, France and the United States as well as Sweden, was part of the pattern that existed before 1939. Without change of price at this time, SKF can hardly hope to maintain the former position.

SKF in this country has worked 100 per cent for the Allied effort. Before the war, the Swedes through their cooperative movement broke one international cartel in Europe. Swedish cooperators built an electric lamp factory and forced down the price of electric light bulbs in European countries.

Sweden has done far more thinking—and acting—about these problems than we have. In 1934 the Swedish public was shocked to realize that one-third of Sweden's great Bofors munitions industry was held by the Krupp interests in Germany. The government acted to find a Swedish buyer for that interest.

On Blacklist

Unfortunately the purchaser was Axel Wenner-Gren, who subsequently was put on the British-American blacklist because of some of the deals of his Mexican and Peruvian companies. Wenner-Gren was typical of the international financier-promoters who thrived under the pre-1939 system of world trade.

What hits you hard in all this is the way in which governments—even in a highly literate, enlightened democracy such as Sweden's—discover that major economic decisions affecting national security are beyond any control. Certainly we in America can afford no smugness on this score. We discovered when the war broke out that certain materials vital to our armament were controlled by German cartels.

"This country will engage in foreign trade and commerce on a scale never before imagined and we are not going to join hands with any foreign cartels," Assistant Attorney General Wendell Berge said in a speech Tuesday night.

Sweden has always carefully controlled the munitions trade. In modern warfare ballbearings are weapons just as much as guns. On that basis Sweden could cut out even the trickle that now reaches the Nazis.

I wish every teacher, beginning with the first grade, would encourage children to work out with their parents a plan of allowance and, if they earn, of budgeting carefully their earnings, making sure to assign a good proportion thereof to savings of some sort. My bulletin on allowances may be had for postage by writing me at 235 East 45th Street, New York City, enclosing a self-addressed stamped envelope.

Furthermore, children of the upper grades and high school like to think about what is happening inside, to their stuff of character as they let themselves spend lavishly or discipline themselves in thrift. They can be led to see that of far more value even to their future economic welfare is what they are building in themselves when they go without something now in order to buy stamps and bonds.

I wish teachers also would lead their children to see that in their zeal to buy stamps and bonds they should not lessen the amount they give to Sunday school, church and the like. On the contrary, I wish they would urge children to give more and to make more self-denials in order to do so. Sunday school teachers have an opportunity to foster character growth in their children to give up something each week out of their own allowance or earnings in order to increase their offerings at Sunday school and church. After all, self-denials for a cause we believe in is at the very core of all great religious practices and spiritual growth.

Guests who arrive after the bride's mother has been seated must slip into side pews, for no one is seated by the ushers after the ushers after the bride's mother has arrived at the altar, the tardy guest may then seat herself "in the ribbons" if she knows where she belongs.

Question: My husband and I have just joined a country club. All of our lives we have been too busy to have much social life. Will you please tell me what clothes I should wear going to the club for various activities?—Florence O.

Answer: Wear sports clothes and flat-heeled shoes for outdoor activities, such as golf, tennis, hiking, etc. Nothing looks more ridiculous than fussy clothes and high-heeled shoes for walking about country club grounds. Tailored or what is called spectator sports clothes with "sensible" shoes are worn to luncheons even those neither followed nor preceded by any sports events in a country club. A dinner dance held at the club would, of course, require dinner clothes.

DIABETES

Diabetes is a disease in which there is too much sugar in the blood.

Eating sugar does not cause it. Doing without sugar does not prevent it.

People who have diabetes have something wrong with the pancreas. Most people do not know that they have a pancreas. It is an organ near the gall bladder. It helps to take care of the starch and sugar of our food.

Diabetes is a very common disease. A person may have it a long time and not know it.

Everybody should have a medical examination occasionally to make sure about diabetes.

If you have it you should be under a doctor's care.

We do not have a cure for diabetes. With proper care, a diabetic may live a long and useful life.

The Parent Problem

By Garry C. Myers, Ph. D.

TEACH CHILD SELF-DENIAL

With more children today having money to spend than at any other time in our history, the school as well as the home should educate them in the wise use of money, with emphasis on thrift.

Most schools are doing something for thrift through the sale of War Savings Stamps and Bonds. But the emphasis is usually on the amount that can be sold rather than on self-denial and self-sacrifice by each child. As a rule, the parents merely hand the child the money for the bonds and buy fewer bonds themselves in order to let their children buy more.

Few schools or individual teachers have capitalized the opportunity to educate fully in character values by cultivating in the child and, indirectly, in his parents, a desire to give up some pleasures and luxuries in order to buy stamps and bonds.

Now and then a school child has told me of going without chewing gum, candy, or a movie, in order to buy stamps out of his own allowance or savings. It would be excellent if every teacher from the kindergarten through high school were to urge children to make such sacrifices and have children who so tell in class let their personal sacrifices they have made.

Buying War Stamps
With older children who can earn some money, the teacher might make it the thing to do, to set aside a large proportion of the earnings for War Savings Bonds. Instead of bestowing group approval on the child who buys most stamps and bonds, it would be better to place this approval on the child who allows the largest proportion of his earnings or allowance for such savings.

In the high school, the practice of self-denials for the purchase of bonds might effectively be propagated as patriotism, with emphasis also on looking ahead to savings for further education and a fund with which to begin marriage and rear a family by and by.

Allowance Plan
I wish every teacher, beginning with the first grade, would encourage children to work out with their parents a plan of allowance and, if they earn, of budgeting carefully their earnings, making sure to assign a good proportion thereof to savings of some sort. My bulletin on allowances may be had for postage by writing me at 235 East 45th Street, New York City, enclosing a self-addressed stamped envelope.

I wish teachers also would lead their children to see that in their zeal to buy stamps and bonds they should not lessen the amount they give to Sunday school, church and the like. On the contrary, I wish they would urge children to give more and to make more self-denials in order to do so. Japanese Peace Overtures Are Foreseen
Navy Officials Hope We Turn Deaf Ear
War Production Now Found Satisfactory

By HELEN ESSARY
(Central Press Columnist)

WASHINGTON, May 19.—Peace overtures by Japan are considered a definite possibility once Allied forces establish a beachhead in western Europe. And that possibility has high-ranking Navy men plenty worried. They want to crush Japan thoroughly this time so that she cannot stage a comeback in another 20 years or so.

Some war experts believe Japan will give up much of a stolen empire if she is allowed to keep part of China, all of Manchuria and a few other outposts which yield vital materials.

Top-ranking Navy men hope that the American public will turn a deaf ear to all Japan peace moves. They just do not trust Japan and there is plenty in the enemy's record to justify this distrust.

The real test of Japan's willingness to continue fighting will come sometime this year when American bombers finally begin a systematic bombing of her most important cities.

Once the Allies can switch most of their naval strength from the Atlantic and the Mediterranean to the Far East, Japan will be cut off from raw materials and supplies in the East Indies. When those islands are useless to her, she undoubtedly will be glad to trade them to the Allies for another breathing spell.

Armed Services Satisfied
Heads of the armed services are reported to be generally satisfied with the present level of war production, notwithstanding announcements from time to time indicating that output is falling behind because of a critical manpower shortage.

Authoritative government sources say that, considering a whole, armaments production schedules are being met. This does not mean that in spots output is not up to the levels desired. But Army and Navy chiefs generally are well pleased with production of aircraft and other highly important items.

What really has happened is that production of munitions and armaments has increased while the total number of workers has been declining. This has been due to such things as improvements in production, a reduction in the number of changes in design of war tools and supplies, and correction of situations in which labor was being hoarded or in some way was not properly being utilized.

Since last November, employment in munitions industries has been declining at the rate of 100,000 per month. This trend is expected to continue, although perhaps not at this high rate.

Penicillin Available
The armed services are still anxious to have Congress enact National Service legislation of some kind. But what they are said to be worried about is not so much increasingly critical labor shortages as a stampede of workers from the war plants when the end of the war is believed in sight.

To guard against such a disastrous contingency, they would like to have Congress enact legislation freezing in war jobs men who have been deferred from the draft because of such employment.

Announcement that a nationwide distribution system has been set up with headquarters at Chicago for dispensing the so-called miracle drug, penicillin, is good news in the medical world.

It discloses that production now has reached the point where 10 billion units a month may be spared from military and other needs for the home front.

WPB reveals that production has risen from 425 million units last June to a record 35 billion units in March.

The War Production Board sees hope for wide civilian use ahead as the result of a 15 million dollar program under which 19 American and two Canadian plants have been rushed to completion.

A year ago almost all penicillin was reserved for military needs.

The drug has been found effective in treating infections which do not respond to sulfa drugs or other remedies.

What People Say
(International News Service)

WASHINGTON—U. S. Marine Corps Commandant Lieut. Gen. Alexander A. Vandegrift: "Operations against Europe will in no way impair the pace, or the nature, of events to come in the Pacific."

NEW YORK—WPB Chief Donald M. Nelson: "The [postwar] question the U. S. must face is not whether to have isolationism or internationalism. It is only a question of the character of international agreements which we, like every other nation, must make in our own interest."

ATLANTIC CITY, N. J., President Vincente Teledore of the Latin-American Confederation of Labor: "If the war ends and we are incapable of achieving international labor unity we will be partly responsible for laying right then and there, the foundations of a new international conflict."

WASHINGTON—Rep. Paul Shafer (R) Mich., sponsor of a bill to outlaw collective bargaining for war plant foremen: "The Detroit strike clearly demonstrates the need for congressional action. It was one of the most abominable things I have ever heard of."

LOOKING AT LIFE

By ERICH BRANDEIS

Some of us so-called "columnists" were discussing our relative importance.

Each of them—excepting myself—seemed to consider his own column the most important.

They all dealt with weighty questions. Some actually thought of themselves as statesmen, as molders of public opinion, as men who influence the nation's thinking.

I alone was silent—and meek. Hadn't I just been told by one of the mental giants that what I write is piffle?

You may remember that only a few weeks ago a reader had written that I write twiddle-tiddle, which is a second cousin of piffle.

When I got away from the august gathering, I did a bit of thinking which writers do occasionally, and then I began to wonder whether the things I talk about are really piffle?

For instance, I write about love. May Be Piffle.

To a Sokolsky, a Pegler, a Mallon, love may be piffle when there is so much hatred to write about.

I write about kisses, which may be piffle when the bullets are flying.

Three 'Pick-Up' Stations Erected To Aid Soldiers

Shelters Built Along Route 18 Near Camp Reynolds For 'Hitch-Hikers'

GREENVILLE, Pa., May 19.—Three "pick-up" shelters have been built on route 18 just outside Camp Reynolds where soldiers can gather to accept rides offered them by passing motorists, Major Maxie Brock, Camp special services officer, announced.

The 10 by 14 foot shelters have seating capacity for 25 soldiers and are well advertised by signs preceding the stations reading "Pick Up a Soldier" and one over the station reading "Pick Up a Soldier Here."

The former MP shelter at Gate 8 has been converted into a "Pick-up" Station, and shelters have been constructed across from Gate 7 and next to the chapel in the Shenango Project.

All soldiers who want to catch a ride are requested to go to the stations, Major Brock asserted.

Gasoline Dealer Given Suspension

PITTSBURGH, May 19.—(INS)—Oliver Pelini (Butler avenue), New Castle gasoline dealer, was suspended from further sales of gasoline for the duration of the war on Thursday for allegedly accepting counterfeit ration coupons.

OPA Hearing Commissioner Allen Carothers, Jr., who ordered Pelini's suspension to begin June 19, was informed by Chief OPA Investigator C. B. Jiles that more than 50 per cent of all the ration coupons Pelini turn in to his supplier in the last three months were counterfeit.

WAMPUM

FELLOWSHIP DINNER

Members and their families numbering eighty of the Methodist church, enjoyed a very interesting and specially arranged program at the church this week when the annual tureen dinner was enjoyed. It was followed with the "pep" singing, recitations and special talk by Rev. K. T. Yahn and Prof. I. V. Holmes.

WOMAN'S CLUB

Members of the Woman's Club and guests met in the Presbyterian church yesterday afternoon for the last meeting of their year.

A number of vocal selections were rendered by Mrs. Geraldine Huffman. A splendid talk and demonstration on wild flowers was greatly enjoyed by an unusually large number of ladies. L. J. Overlander was a special guest, also Mesdames Minnie Morris of Coraopolis, Lillian Mitchell, Geraldine Huffman, and Nelson Kennedy special speaker of Ellwood City, Mrs. John Rhodes and Mrs. Geo. Bromer.

WAMPUM NOTES

Mrs. Carrie Armawalt of St. Petersburg, Fla., who has been visiting her sister Mrs. John Rhodes of the Caplan apartments, left yesterday for Ellwood to visit her daughter, Mrs. Robt. Williams. Mrs. John Marshall and daughter Sandra, who have been visiting the H. W. Marshalls, the former's husband's parents left for Decatur, Ala. where they will join the husband. Cadet John Marshall in the U. S. N.

OCD NOTES

City Director of the OCD D. O. Davies and Frank Sargent will be in Harrisburg Tuesday to receive instructions as to how to conduct a registration for men and women now in service so they may vote.

Hereford, England, has bought flags and bunting to be ready for peace.

Custodian Of City Dump Makes Appeal To Local Residents

As a spot to sit and enjoy the evening breeze this balmy spring we wouldn't recommend the city dump out on Cascade street. But as a utilitarian spot, it has a definite place in the community. A handy spot to dump your ashes, second hand Christmas trees, old bottles with the state stamp on them, and that box of cigars your aunt Sophronia sent you on your birthday.

Which brings us to Mister Jake Elias, the custodian of the city dump and a good one. Jake has a request to make which arises out of long experience and as we stood there the other evening inhaling the smoke of burning refuse and tossing scrap wood down at the flames, Jake opened up.

"I work hard out here," said Jake, "and with all due modesty I must say that the dump is in good shape. But I wish people would dump their refuse and garbage over the bank and not drop it wherever the car stops."

"Often times people bring out broken glass and drop it in the driveway which I try to keep clean. So what happens? Some short tempered citizen drives up, gets a cut tire and then pours out the contents of his wrath on my luckless head. It takes but a few seconds to take the refuse up to the edge of the dump and drop it over. As I don't mind, but bottles, cans, boxes and a thousand kinds of refuse ought not to be dropped on the cleared spaces of the dump."

We agreed with Jake. Dumping garbage and refuse promiscuously over the leveled area of the dump is a sloppy idea. It makes a mess for the next fellow and it also gives Jake unnecessary work. He is doing a good job of keeping the dump presentable. Why not go along with him and dump your refuse over the side of the hill?

State G.O.P. Will

Meet On Saturday

State's Delegates To Go To Chicago Convention Uninstructed Is Indication

By JOHN PAGET

HARRISBURG, May 19.—The Republican state committee will meet at Philadelphia tomorrow to re-elect Chairman M. Harvey Taylor, of Harrisburg, discuss plans for the national convention and draft party strategy for the 1944 presidential campaign.

Convention delegates will meet with Gov. Edward Martin and other party leaders following the biennial reorganization of the 113-member committee. The governor, who will be named to head the delegates, and U. S. Sen. James J. Davis, of Pittsburgh, seeking a fourth term, were slated to address committee members.

Mrs. Edna Carroll, vice chairman of the Philadelphia GOP committee and chief of the State Board of Motion Picture Censors, was slated to replace Mrs. Margaret Lamade, of Williamsport, as a vice chairman of the state organization.

GOP chieftains have decided not to pledge the Keystone state's 70 delegates to any presidential candidate prior to the opening of the convention at Chicago June 26, but early signs pointed to support for Gov. Thomas E. Dewey.

Insurance Men

Meet Thursday

Insurance men of the city and a group of invited guests heard an interesting discourse Thursday at noon on "Surety Bonds" when A. C. Suppley of Pittsburgh spoke on the advantages of surety bonds in estates, the mistakes common to personal bonds, and the importance of seeing that the settling of estates is accompanied by a comprehensive surety bond. Edward Sweet, president of the Surety Association of Pittsburgh also spoke briefly.

The lunch-meeting was held by the New Castle Association of Insurance Agents, with President James A. Rugh presiding. He introduced the speakers.

Guests included Judge W. Walter Braham, Register and Recorder Orville Potter, Prothonotary and Clerk of Courts John A. Edgar, and members of the Lawrence County Bar Association.

Babson Discusses What Kind Of Land To Purchase

By ROGER W. BABSON
Copyright—1944—Publishers Financial Bureau, Inc.

BABSON PARK, Mass. May 19.—As I have said before, I expect a few years of good business, after a short readjustment, following the collapse of Germany. About 1950, however, unless a marked spiritual awakening develops in the meantime—business will be headed for a tailspin.

It is impossible now to forecast what will happen during the years following 1950. If Russia is at that time able to give her people a satisfactory standard of living with full employment, America will then surely turn to the left with a vengeance; but if then Russia has not made good economically, the New Deal will be thrown out the window and America will turn to the right. This is very important for readers, who are contemplating buying any land other than for cash to keep in mind. If not for cash, be sure you can pay in full before 1950. I certainly would want to be out of debt by 1950 or before, if possible.

Postwar Farming
As a hedge against inflation, it is well to own free of debt a small place with sufficient good land to feed your own family, provided you have some other job to supply you with cash. A small five or ten acre farm, with good soil and water conditions, should be excellent insurance. Commercial farming, however, will be just as dangerous in the years to come as it was in pre-war days.

Each year it will be more and more difficult for the average commercial farmer to compete with the great mechanized farms which are developing in this country and will develop throughout the world after this war is over. I also fear that even these large mechanized farms may also be headed for trouble due to political interference and regulation. Therefore, as a sound business, commercialized farming does not appeal to me as a postwar investment.

Take Your Wife's Advice
It is true that the price of good farm land is on the up-grade and much of it will sell at even higher prices, but it is as dangerous to speculate in land as to speculate in anything else. This especially applies to those owning commercial citrus groves, fruit orchards, potato acreage and market gardens which have been paying big profits during the war. After the war the prices for such land could drop again to former pre-war prices. Now may be the time to take your wife's advice and sell, leaving the money in the bank and buying the same property back again a few years hence at half the price.

By the way, it has always seemed to me very unfair that husbands can put their families in debt without the approval of the wife. It is true that a man cannot sell land without his wife signing the deed, but he can buy a whole township

without her having anything to say about it! The women's clubs should get legislation passed to the effect that no deeds to land can be "recorded" unless—in the case of married persons—the purchase is approved by both husband and wife in the case of both sales and purchases. I am gradually coming to the conclusion that women have a better sense regarding real estate, mortgages, etc., than have most men.

Where To Settle
One thing sure, if I were a woman I should hunt up a man for a husband who lives in one of the ten community property states. These are as follows: Arizona, California, Idaho, Louisiana, Nevada, New Mexico, Texas, Washington, Oklahoma and Oregon. These states are fairer to women. In these states a wife is entitled to half of her husband's income. If both are wise, they will make a settlement at the end of each year and have their own safe deposit boxes and bank accounts. Even the states under the old English common law are better for wives than those states which still treat women unjustly.

Good land, good wives and good children are the best possible investments. But just having them "good" is not enough. When settling down for a home and family, be sure that you select the right state and the proper location within that state. Consider climate, taxes and opportunities. Service

men returning from the war should especially consider these things. Be willing to spend some time and money in locating in the right spot considering your own physical, mental and spiritual characteristics.

P. S. Please do not write me for legal advice. The last time I mentioned "community property," I received several hundred letters. I know something about the laws of Massachusetts, but cannot keep posted on the laws of the 47 other states.

Rooming House Rates Not Posted

A preliminary investigation of the rooming house field in the New Castle area disclosed the fact that 90 per cent of the operators of rooming houses were in violation of the rent regulation because they did not have the rates posted in each individual room. It was announced. This is a serious violation, and the area rent director will recommend injunctive action if, upon recheck, the rates have not been properly posted.

It was also uncovered that a number of rooming house operators have not registered the rates for their rooms with the area rent office. This violation also subjects the operators to heavy fines and penalties.

Armour Ideas Make the Most of Meat

Armour's Star Bacon and Cabbage... Good!

Haven't you heard men rave over corned beef and cabbage? Well, just let the man of your house try this delicious, bacon and cabbage dish! It's wonderfully full of flavor. It's hearty and satisfying. It's the dish that gives that "well-fed" feeling... yet is so thrifty you'll want to serve it often.

It tastes extra good because it's made with Armour's Star Bacon—the rich, mild bacon that is sugar-cured in its own juices, then slow-smoked over fragrant hickory and hardwood fires. So flavorful that its fine meat flavor extends through all the cabbage...

makes just a little go a long way. And in this bacon and cabbage dish you need no butter (that's point saving). To prepare the dish, fry 4 or more slices of Armour's Star Bacon slowly until crisp. Remove slices. Add 2 tbsps. sugar and 2 tbsps. flour to bacon fat. Blend. Add 1/2 cup water and 1/2 cup vinegar gradually. Cook and stir until thick. Season Cook cabbage in boiling water for 3 minutes. Drain. Pour sweet-sour sauce over cabbage. To serve, place crisp bacon slices on top of cabbage. Serves 4.

Survivor Of Lansdale Is Home On Leave

Q. M. 2 c M. J. Frenkel of the U. S. Navy, survivor when the Lansdale was sunk by German torpedo planes, is home on a 30 days survivors leave. He is visiting his parents who reside in Moravia street extension, route 7.

When the Lansdale went down, Frenkel swam for 3 1/2 hours in the water before being rescued.

When asked what ship he would like to ship on again QM 2 c Frenkel selected another destroyer.

He was well known in baseball circles when he enlisted at the New Castle Navy recruiting station April 8, 1941. He visited the station this morning according to Specialist Recruiter, H. L. Godfrey.

Should Not Leave Jobs To Celebrate

PITTSBURGH, May 19.—(INS)—Gov. Edward Martin today warned that D-Day, start of the European invasion, will be no occasion for mammoth celebrations and urged instead that the workers stick to their jobs and work with increased vigor and determination.

"At no time until victory is complete—and that will be announced by our military command—should people cease work," declared Pennsylvania's soldier-chief executive, who rose from Spanish war private to major general in the United States army before his retirement.

No Decision Yet On Cause Of Death Of Indian Heiress

NEW YORK, May 19.—(INS)—Authorities investigating the death of pretty Valsa Anna Matthal, Indian heiress, awaited a report today on an analysis of vital organs removed during an autopsy on her body, which was found in the Hudson river after a search of two months.

The autopsy yielded no definite

clue as to how the 22-year-old Columbia university co-ed met her

death, although it appeared that death was caused by submersion. There were no marks of violence. Her wrist watch, which she still wore, was stopped at 5:17. She was last seen alive at International house, where she resided at about 4:50 a. m. on March 20. Her body was found Wednesday morning by a Marine base attendant.

The possibility of suicide was raised when police found in her room a melancholy poem whose last line read: "Why must I be alone?"

INVESTIGATE TWO

Ellen Ray Mantle and Christy Willenbrand, both said to be of Youngstown, were held today in the city jail pending an investigation by the city police and FBI. They were arrested in an auto reportedly taken from Hubbard.

According to Lieutenant Cyril Suber, he noticed the men in an Ohio Buick last night, gave chase and captured the men at East Washington street and Maryland avenue.

CLOROX bleaching
 is *Extra-Gentle*
 on your precious
 hard-to-replace linens!

CLOROX lessens rubbing . . . prolonging life of fabrics . . . it is **ULTRA-REFINED** . . . free from caustic, an exclusive patented quality-feature!

HERE'S a helpful hint for making white and color-fast cottons and linens last longer during these times of shortages. . . a method followed by millions of housewives. It's simply this . . . include Clorox in the regular laundering process. For Clorox is extra-gentle in bleaching . . . efficient in restoring white cottons and linens to their lovely whiteness (brightens fast colors, too). Clorox is free from caustic, mild in action . . . it lessens rubbing, lets fabrics last longer.

And Clorox is valuable in another important way. It helps protect family health by providing sanitation in laundering, and in routine cleansing of kitchen and bathroom "danger zones." It also removes stains and deodorizes. Clorox is the choice of millions . . . it's pure, safe, dependable, concentrated for economy. Clorox has the same full strength, the same high quality standards, today as always. Make it your choice . . . be sure to ask for Clorox by name. Simply follow directions on the label.

First Paratroop Division Of
German Army Defeated
In Cassino Battle

By JOHN REDFERN
Special Correspondent For The
London Daily Express
(Continued From Page 1)

WITH THE EIGHTH ARMY
INSIDE CASSINO, May 19.—The
Union Jack and the Polish flag
hoisted above the ruins of the Cas-
sino monastery today symbolized the
defeat of the cream of Germany's
armies, the first paratroop division.
The way the British went into
battle must have seemed strange to
the Germans. Captured paratroops
were sallow and unshaven, while the
British had shaved as if for a pa-
rade and looked trim and fit al-
though they had lived for days in
the rubble.

Men laughed and tossed jokes
about as they charged in for the
final blows.

"By Jove," declared one mustached
young officer, "it looks different by
day—much smaller. I've only seen
it before in the moonlight."

At some points, only 200 yards
separated the Allied and German
positions.

Nazi Dash Fails

One watcher saw a speck of light
at the Continental Hotel, as some-
one moved a curtain covering the
entrance to that German strong-
hold. Bren gunners immediately
made ready and seconds later 60
Nazis tried to reach the Hotel Des
Roses further to the left. The Brit-
ish gunners opened fire. That was
the last German activity until the
prisoners began to straggle down.

Half an hour later, a small party
emerged with a white flag. Another
man stood in a recess of a wall, a
Red Cross flag draped around him.
Suddenly another Red Cross flag
was raised near the Hotel Des Roses
and then another white pennon
fluttered in the mountain saddle
between Hangman's and Monastery
hills.

Arriving in Cassino this morning,
I crossed a lurching bridge and saw
a fantastic collection of black-
mouthed cave dwellings. An officer
piloted me over a six-foot mound
of rubble to a rooftop church, the
floor of which was filled with jag-
ged lumps of stone which I saw
was a smashed Madonna.

Some dugouts amid the rubble
had posts with skulls stuck on sticks
outside the entrances. The skulls
had been blown out of old graves
by German shells.

One corpse was stuck on a pile
of stones. Officers had marked it
on battle maps as 'Fearless Freddie'
because it was a German who had
moved carelessly by day.

Bulldozers now are getting down
to the task of making something
out of the mess of ruins.

Port Repair Ship Unveiled Today

PHILADELPHIA, May 19.—(INS)—
The Army is building a fleet of
its own—ships that will clear out
wreckage and make repairs in
bomb-battered harbors to speed
landing of invasion troops and sup-
plies.

The first of such "port repair
ships" was unveiled today by the
Army engineers in the Delaware
river channel at Port Mifflin. The
unique 2500-ton converted freighter,
which has "floors" instead of decks
and "stairs" rather than ladders,
is outfitted with giant hoists, re-
pair shops, salvaging equipment,
and specialized crew capable of
making a demolished port accessible
in jig-time.

It will be christened the "Junior
N. Van Nostrand" tomorrow in honor
of the first Army Service Forces sol-
dier to receive the Congressional
Medal of Honor.

To Honor Memory Of Six Officers Of 28th Division

HARRISBURG, May 19.—Tablets
in memory of six officers of the 28th
Division killed in action in France
during World War I, will be dedi-
cated at the division's shrine at
Boalsburg, Centre county, May 21,
as a part of the annual memorial
services of Pennsylvania's troops,
says the State Department of Com-
merce.

Tablets will be dedicated to Lieut.
Lloyd T. Grubbs, Lieut. Frederic B.
Pritchett, Capt. Edmund W. Lynch,
Lieut. Thomas A. Holden, Lieut. Earl
Leroy Reese and Lieut. Jacob Feld-
man. The tablets will be placed in
niches in the division's Memorial
Wall. There are 80 empty niches in
the wall still to be filled and it is
the hope of the officers of the So-
ciety of the 28th Division that these
will be arranged for.

MISS JOSEPHINE SIMPSON, Home Economics

BUCKWHEAT MAKES FINE FORAGE FOR TURKEYS

Buckwheat is one of the best suited grains for a short-time pasture and forage crop for turkeys. In Pennsylvania, the common buckwheat is usually ripe in early fall, and turkeys can be allowed to range the fields and pick grains from the stalks as soon as the first grains are ripe.

One hundred turkeys can harvest about two acres of the common buckwheat from the latter part of September to the middle of November.

STUDENTS WILL HELP WITH FARM LABOR

Lawrence county farmers in need of additional help to carry on their farm activities must rely in a large part on help from unskilled labor. Last year the Emergency Farm Labor office placed about 65 students to live on farms throughout the summer and assist with farm work. In addition many others made their own arrangements and helped on Lawrence county farms. This year with an even greater shortage of skilled help, students are expected to play a larger part

in food production. Students in several of the county schools have agreed to help in farm work.

Farmers who are in need of help should make their requests to the Farm Labor office, now working from the Lawrence County Agricultural Extension association, No. 263 Post Office building, New Castle. Requests should be made as soon as possible so that students will be able to go to work as soon as school is out.

CALF PENS NEEDED IN EVERY DAIRY BARN

Too many dairy barns fail to provide adequate pens for young calves. Dirty, wet, cold floors are no place to keep future producers, and there is always the chance of the calves becoming chilled and perhaps dying of pneumonia. Convenient calf pens for each calf,

equipped with hay rack containing good, bright mixed hay, a feed box, and water are recommended.

A slatted bottom floor raised off the barn floor to allow liquids to run off, will keep the calf dry and warm. These pens should be located close to the cows and not in a cold part of the barn. Feed boxes should be easily removed for cleaning and clean water ought to be always available.

CHILDREN START EARLY IN LIVING TOGETHER

Before going to school, children will do better if they have opportunities for contact with other children of their own age groups. In fact, most adults agree that no one can have too much practice in getting along with other people. Since an early start is of great aid, parents can be helpful by arranging for their children to have play-

mates. When the time comes to go to school, children find it easier if they know how to play, talk, and get along with other children.

Children can learn early how to take turns and to share. They need to learn techniques to use in making friends.

Very young children are inclined to strike out at anything that stands in their way of getting what they want. Teaching them to talk things over with another child is a definite achievement in the line of social adjustment.

Play with other children gives an opportunity to practice desirable social activities. Of course, children will have quarrels and parents should not expect them to be always harmonious. Even adults disagree at times.

When children quarrel, it is best if possible to let the children work out their problem themselves.

Adults can help them to see the other youngster's point of view and also help them to see how much of what they want they can have and at the same time let the other child have as much of what he wants as he can.

PRESERVE EGGS FOR WINTER

With a large supply of eggs now available many Lawrence county farm folk are planning to preserve a quantity of eggs for use in cooking during the winter months.

The use of water glass, lime water, and mineral oil will preserve eggs for several months in good condition. Where facilities for freezing are available, eggs may be frozen for later use.

Additional information on the preserving of eggs may be secured from the Lawrence County Agricultural Extension association, No. 263 Post Office Bldg., New Castle.

Capture Reveals Monastery Was Much Despoiled

Foundations of the ancient Benedictine monastery at Cassino and its chapel are all that remain of the historic structure. In the following dispatch International News Service Staff Correspondent Graham Hovey describes the battle ruins and how the Germans despoiled the beautiful chapel.

By GRAHAM HOVEY
(I.N.S. Staff Correspondent)

INSIDE THE ABBEY OF ST. BENEDICT, CASSINO, ITALY, May 18.—(Delayed)—The Hun not only used the ancient abbey of St. Benedict as a fortress but also used its beautiful chapel and despoiled it. He piled up his hand grenades beside the golden statue of St. Benedict and the statues of angels looking down on the altar. He used it to the point of taking the golden and scarlet vestments of the monks for red blankets and fixing up his bedrooms with them right on the altar.

Used For War Purposes
He used it by setting up some kind of tank-like stove in one end of the chapel to cook his meals, smoking up the gold-colored ceiling. He even put pin-up girls on those holy walls.

He scattered food, ammunition and refuse all over the floor and apparently even used the chapel for a latrine in the final days of the Allied siege.

These things I have seen here today.

Access to the inside of the abbey, built on the site where St. Benedict founded his order for holy men who wanted to live secluded lives, to study and to pray, was gained when the Allies finally gained control of the sacred ground the Germans had built into a bastion.

The Hun who caused the destruction of the edifice, even as the Lombards destroyed it in the Sixth century, has fled or met death trying to flee. But he can never say again that he did not use it for the purpose of making war, he left his marks all over the abbey ruins, and particularly in the chapel.

The occupation of Monastery hill marked a great day for the Polish soldiers of the Eighth Army who finished the job of routing the enemy.

The red-white Polish flag now

flies from the highest point of the abbey ruins, by the personal order of Lieut. Gen. Sir Oliver Leese, commander of the Eighth Army. By act of the Poles themselves, the British Union Jack flies alongside it. If this correspondent had the Stars and Stripes I would send it aloft alongside the other two in tribute to two great regiments of the American 34th Division which almost did this job by themselves in early February.

The trip to the monastery involved a trek of nearly three hours over Mount Castellone (Hill 593). As the advancing party toiled up over the rocky mountains past abandoned helmets, ammunition, clothes, guns and unburied bodies of Americans, Indians and Poles, the battles against the hill fortress during the preceding months was recalled.

Now that long and bloody job has been completed by Polish soldiers who frequently had to shoot it out at 10 paces with fanatical German paratroopers. But the Poles never would have completed the job without the help of British, Indian and Canadian troops slugging across the Liri valley, or the gallant French battling spectacularly on high ground of the upper Garigliano, or the gallant Americans fighting through equally tough terrain farther southwest.

In other words, this was an Allied victory.

Woman Officer At Deshon Grateful

PITTSBURGH, May 18.—(INS)—The willingness of district residents to cooperate with Deshon hospital officials today drew the praise of Lt. Dorothy F. Hall, special services officer at the Butler institution.

We haven't had any trouble getting invitations to outside entertainment for our ambulatory patients and many local artists come to the hospital regularly to entertain in the wards," she told the Wac Mothers' Association Convention.

Lowellville, O., Sergeant Killed

CHICOPEE AIR BASE, Mass., May 18.—(INS)—The names of five army fliers killed when their heavy bomber crashed after colliding with another plane during a flight in formation near Uxbridge, Mass., were disclosed today.

They included Sgts. Thomas L. Cater, 29, of (115 Cliff street) Sayre Pa., and Anthony J. Kitzulo, 24, of Lowellville, O.

Allies Active
On Two Fronts

Resume Europe Large Scale
Bombings Despite Italian
Front Offensive

By J. C. OESTREICHER
(U. S. Foreign Editor)

Any hopes entertained by Nazi Germany that the Italian front might compel diminution of offensive activities elsewhere were dashed with a rude shock today when the United States Army Air Force resumed assaults in force against the German homeland.

Coincident with American, British and French gains of from four to six miles in smashing attacks against southern bastions of the Adolf Hitler line in Italy, some 1,500 Fortress, Liberators and fast-flying escort planes raided Berlin, Brunswick and Osnabruck by daylight, bringing to an end the temporary respite in the air offensive necessitated by unfavorable weather.

Details Lacking

Full details of the renewed onslaught were lacking. German propaganda broadcasts first reported violent air battles over Berlin and

then retracted this to say merely that American bombers had appeared over the Nazi capital.

Both Brunswick and Osnabruck are important German aircraft producing centers. Both have been assaulted repeatedly in the past, but apparently repair work had reached that ripe stage which called for new nullification of Nazi labor expended.

Observers along the British coast reported the Allied bombing and fighter formations the largest seen in the war thus far and full details doubtless will disclose another of those all-encompassing attacks which on so many occasions have embraced not only Germany but France and the low countries as well.

Resumption of full-scale air attack at the moment Allied land and aerial armies were engrossed in the task of smashing pivotal points of German resistance in Italy served to emphasize a new prediction of doom for Nazi tyranny voiced in London by Premier Jan Christiaan Smuts of South Africa.

FIRE DAMAGES
DESHON MESS HALL

City firemen were called to the Deshon Annex in Cunningham Park at 11 o'clock this morning, when a small blaze started in the mess hall. The damage was small. Fire Chief James E. Thomas reports.

Three fire companies went to the scene and soon had the blaze extinguished, prompt action averting a more serious blaze.

County Will Be
Represented At
State G.O.P. Meet

Lawrence county will be represented in Philadelphia Saturday when the State Republican committee holds its organization meeting. State Committeeman William D. Walton will be present, as will be County Chairman Roger W. Rowland, Assemblyman James C. Brice, Ivor V. Davis and Frank S. Breneman.

In all probabilities State Chairman M. Harvey Taylor will be re-elected without opposition and the meeting will be more of a reunion than a contest of factions.

KAISER EMPLOYEE
FOR THIRTY YEARS

PORTLAND, Ore. — (INS) — Employees of Henry J. Kaiser, ship-building wizard, now number more than 200,000, but the oldest in length of service is an old Negro, "Totem". For 39 years, Totem, whose real name is James Andrew Shaw, has been working for various Kaiser construction outfits. He is employed now at the Vancouver shipyard.

During 1942 and 1943 the plastics industry expanded 100 per cent; more than 85 per cent of production is for war goods.

World War One Ace Will Speak
Tomorrow Night For Benefit
Of Army Air Force Relief

Plans for the appearance here on Saturday evening of Capt. Eddie Rickenbacker, World War One air ace, who has been acting in an advisory capacity to the Army Air Force in the present conflict, were completed at the meeting of the Legion of Honor in The Cathedral, Thursday evening.

Capt. Rickenbacker will arrive in New Castle late Saturday morning, and will go to New Wilmington, where he is scheduled to receive the honorary degree of Doctor of Science. He will return early in the evening and will be the guest of honor at a dinner being given by the Legion of Honor.

In connection with Capt. Rickenbacker's address on the subject of "Fighting Men and Fighting Fronts" which will be given for the benefit of the Army Air Force Aid Society, there will be a musical program.

The 16th Infantry band of the Pennsylvania State Guard, which is directed by Joe F. Replogle, with J. D. Donati, assistant director will play several selections. It will mark their first public appearance.

Among those most interested in greeting Capt. Rickenbacker will be Clare B. Book, principal of the Senior high school and commander of Perry S. Gaston Post, American Legion. Capt. Rickenbacker and Mr. Book were stationed at the same spot in Germany after the close of the last war, where Mr. Book was located with a Remount station. They became well acquainted, but have not seen each other since they returned to America.

BENEFIT ARMY AIR FORCE AID SOCIETY

Reports 5,827 Jap Planes Destroyed

Gen. Arnold Gives Statement On Losses In Pacific Battling To Date

ENEMY LOSSES ON 5 TO 1 RATIO

By JOSEPH A. BORS
(U.S. Staff Correspondent)

WASHINGTON, May 19.—The American aerial offensive against Japan's outer Pacific defenses continued with unabated fury today, paving the way for new invasion thrusts deep into enemy territory. Meanwhile, Gen. H. H. Arnold, chief of the Army Air Forces, revealed to reporters that a total of 5,827 Japanese planes had been destroyed up to May 15, 1,589 probably destroyed and 1,508 damaged. This has been accomplished with the loss of 1,241 United States planes in combat against the Japanese and the loss of 208 American aircraft on the ground, a ratio of about five to one in favor of United States forces.

Increase Intensity
From the Kuriles to the Java sea, American Army, Navy and Marine Corps airmen in recent weeks have been increasing the intensity of their blows against strategic enemy island bases, guarding the approaches to more important strongholds.

Despite the intensity of the aerial war over Germany, Arnold said, the Army Air Force has been able to increase its effort against the Japanese.

He also promised that the secret B-29 Super-Fortress bomber would be used against the enemy but he declined to say when. When questioned about progress of the Super-Fortress, Arnold said "I would rather have that information come to the Germans and the Japanese the hard way."

Down 16,510 Enemy Planes

Progress of America's air war to smash the two remaining Axis partners was stressed by Arnold when he disclosed that since the outbreak of war 16,510 enemy planes have been shot down in combat, 4,650 probably destroyed and 5,546 damaged.

On the ground, Arnold said, the A.A.F. destroyed 3,664 enemy planes, probably destroyed 347 and damaged 1,432.

Against that score, Arnold said, the United States losses totaled 5,718 fighting planes in aerial combat and 236 lost on the ground.

One of the most significant points made by Arnold was the fact that 320,489 tons of Japanese shipping was sunk by the Army Air Forces in the Pacific and Asiatic war theaters during the first four months of this year.

In addition, American long-range submarines have continued to take a terrific toll of enemy shipping, concentrating on tankers and vital cargo vessels in an effort to cripple the enemy's will to resist in the front line areas.

Will Demonstrate Evergreen Pruning

Demonstrations Are Planned By Agricultural Extension Association Next Week

Through the Lawrence County Agricultural Extension Association, two demonstrations on the care and pruning of evergreens will be given in the county. These will be by A. O. Rasmussen, ornamental horticulture specialist of Penn State College.

The first of these will be in the New Wilmington park on Tuesday afternoon at 2 o'clock. In the evening, Mr. Rasmussen will give a similar demonstration at the home of Mr. and Mrs. R. D. Walter, of R. D. 2, at 7:15 o'clock, preceding the open meeting in Mahoning Grange, when Mr. Rasmussen will speak on the subject of "Improving the Home Grounds."

Two Are Dead, Two Wounded In Kentucky Clash

Gun Fight In Pineville, Ky., Costs Life Of State Patrolman And Cafe Owner

PINEVILLE, Ky., May 19.—(INS)—A blazing gun fight on a Pineville business street left two dead and two wounded today.

Killed were Houston Greene, a state highway patrolman, and Matt Shelton, one of two partners in ownership of a cafe.

Wounded critically and given little chance to live was Hayes Page, another patrolman. Arthur Smith, Shelton's partner, was shot once and not seriously wounded.

The gunplay was believed to have been the outgrowth of a raid on the cafe yesterday when R. C. Paulmeyer, Pineville police chief, and the highway patrolmen, confiscated 296 cases of beer.

Witnesses said Shelton and Smith started the shooting when the highway patrolmen stepped into the street after having paid a return visit to the cafe.

Authorities said Shelton and Smith had been under suspicion of operating a gambling game on the floor above the cafe. Shelton, a brother of George Shelton, a sheriff's officer, was convicted in connection with a Pineville election-day slaying a few years ago.

Bessemer Limestone Wins Safety Award

Bessemer plant of the Bessemer Limestone & Cement Co. has been awarded the Portland Cement Association safety award for 1943, the second time the award was established. The award announced at a safety session in New York, was given the Bessemer company for operating 12 calendar months without a disabling or time-losing accident.

"The Bessemer plant's safety record is one of the outstanding accomplishments of modern industry," John J. Porter, chairman of the Portland safety commission, said. "The safety work, care and effort on the part of the mill workers which made the record possible are an important contribution to the preservation of the nation's manpower resources."

Liberty Grange

When Liberty Grange met in the hall Tuesday evening, a memorial service was held for members who died during the past year. A Grange honor roll was also dedicated. Juvenile Grange will present the program at the next meeting.

Marriage Lasts But Eight Hours

HOLLYWOOD, May 19.—(INS)—Edgar Bergen's pretty secretary Toni Leland-St. John, knew her second marriage was not going to be a success. A fortune teller once told her.

The soothsayer was right, Miss Leland-St. John disclosed today, because her marriage to actor Rod Cameron in Tijuana, Mexico, Wednesday lasted but eight hours.

They separated following a quarrel over a ham and egg sandwich.

NEWS AND VIEWS AT CAPITAL

(International News Service)
HARRISBURG, May 19.—Gov. Edward Martin may not outwardly aspire to another political office but he has all the appearance of a person quietly hoping to receive higher honors.

Like former Governor James, who secretly hoped to be winner of the 1940 Republican presidential nomination but was sidetracked by Wendell Willkie, Governor Martin never criticizes the war, the national administration, or foreign policy in order to avoid embarrassing repercussions if he were to be selected to lead the Republicans in the presidential contest.

The governor has consistently disavowed any political ambitions but he has carefully laid down a broad pattern of basic governmental philosophy in a long series of speeches that began shortly after he was inaugurated in January, 1943.

Since then, Governor Martin has delivered more than 100 addresses throughout the state.

Governor Martin has plumped for a decentralization of government, strong home rule, reduced taxes, adequate military safeguards in the post war world and the removal of many of the regulations which he claims strangles business enterprise.

In the current issue of the "Pennsylvania Game News," Dr. I. Hope Alexander, director of public health for Pittsburgh, has called upon sportsmen's organizations to cease the importation of rabbits from other states in an attempt to reduce tularemia, also known as rabbit fever.

Since 1928, Alexander reported there were 282 cases of the disease and 25 deaths in Pennsylvania.

Thirty-seven counties, however, were free of the disease. "It was shortly after the introduction of Missouri rabbits that tularemia appeared in Pennsylvania and following the release of 80,519 rabbits in 1927, purchased in Missouri and Kansas, the disease developed rapidly," Alexander declared.

The game commission has abandoned the importation of rabbits.

Resurfacing May Start Next Week

James Gibson, director of highways for the city today stated he had received word that Roy Furman, Waynesburg contractor, may start resurfacing of North Mill street and Highland avenue next week. In connection with the improvement program, H. LeRoy Shoaff of the local bus system said he has been informed it will not be necessary to detour buses during the operation.

BRIEF NEWS OVER STATE

(International News Service)

PHILADELPHIA—Mrs. Catherine Neer, of Philadelphia, has sent eight sons to the armed services. Four are overseas, one is stationed at New Orleans and three have been honorably discharged for illness and injuries.

COLMAR—A recent accident involving an oil trailer-truck on the Bethlehem Pike near Colmar made OPA officials sick at heart. When the trailer upset, approximately 1,000 gallons of oil spilled over the highway.

STELTON—William Lawson, 41, of Stelton, did a little walking in his sleep and it cost him a fractured ankle. Lawson, a truck driver, fell 40 feet from a second-floor window.

ERIE—Gov. Edward Martin considers the winning of the war as America's major problem. "First we must win the war," the chief executive said at Erie, "otherwise there will be no need for a post-war program."

VALLEY FORGE—The number of visitors to Valley Forge Park during the dogwood blossom season reached 40,000 in one day, the peak since gasoline rationing went into effect.

STATE COLLEGE—The first woman student at Pennsylvania state college was admitted in 1871 and the first national honorary scholarship fraternity was established in 1900. It was a chapter of the Phi Kappa Phi.

PITTSBURGH—Albert S. Beymer, 81, of Pittsburgh, president of the Keystone National Bank since 1920, plans to retire when he's 100. He has been in the banking business for 60 years.

WAYNESBURG—Pvt. Peter Scolarie, a state policeman stationed at Waynesburg discovered in raiding a cooking main he was no match for a fighting rooster. One of the birds dug its talons into Scolarie's arm, penetrating to the bone and necessitating hospital treatment.

SMOCK—The thief who stole \$41 from the trouser pocket of Peter Steech, of Smock, was one of the more ambitious members of his profession. Steech told police the burglar had to climb a tree and remove a window screen before he could enter the house.

GREENSBURG—Mrs. Augustine B. Kelley, of Greensburg, was named the "Catholic Mother of 1944" by the National Catholic conference on family life. She is the wife of Congressman Kelley, of Westmoreland County.

Tribute Given To Service Men

Special Program At Slippery Rock Presbyterian Church By Wayne W.C.T.U. Members

Fitting tribute to the men and women in service from the community was paid Wednesday afternoon at a community mothers' meeting held in the social room of Slippery Rock Presbyterian church. The meeting was sponsored by the missionary society of the church and Wayne W. C. T. U.

Serving of a luncheon at noon opened the afternoon program, which was in charge of Mrs. Floyd Worrell, county W. C. T. U. director of the soldiers and sailors department.

A poem dedicated to the gold star on the service flag, given by Mrs.

Chester Brown, and vocal duets by Mrs. Jack Cooper and Mrs. Stanley DuBrock, a reading by Mrs. Worrell, and prayer for the absent ones and their families composed the program.

Following the program, lay robes and afghans made by locals for use in veterans' hospitals were displayed.

Also of interest was a display of miniature vehicles illustrating the work of the W. C. T. U. for the Red Cross that was arranged by Mrs. Claire Boyer, county director of exhibitors. This display, along with posters from the contest held in the Wayne township schools, will be shown in the window of Porter's furniture store in Ellwood City this week-end.

During business, conducted by Mrs. Edward Beltz plans were made for participating in an institute sometime in June. It was also decided to furnish lemonade at the community picnic that will be held

at Wayne consolidated school on May 26.

One delegate from Wayne Y. T. C. will be sent by the society to the encampment at Messiah Bible college at Grantam June 24 to July 1. An invitation from Mr. and Mrs.

Ellis Reno, old Pittsburgh road, to attend their golden wedding anniversary celebration on May 30 was read and accepted. Members will meet at the Markle home at 7 p. m. on that date to attend in a group. June 9 will be observed as flower

day when flowers will be distributed to shut-ins of the community according to custom.

Next meeting will be a lawn party at the Edward Beltz home on Tuesday, June 20.

Two At Franklin School Receive Legion Awards

One Boy And One Girl, Outstanding
In Scholarship And Leader-
ship, Given Medals

American Legion medal awards to two students of Benjamin Franklin junior high school selected as outstanding in scholarship, leadership, courage, citizenship and honor were presented Thursday at the school at an "I Am An American" Day assembly program.

Presentation of the medals was made by Attorney J. Glenn Berry, past commander of the Perry S. Gaston Post No. 343, on behalf of the American Legion to Anthony Spino, and by Mrs. Stuart Cope, past president of the Legion auxiliary, to Nancy Lamancusa, on behalf of the auxiliary.

Program of the school assembly which preceded the giving of the awards was as follows:
Bugle assembly call.

Flag salute, followed by band music by school band under the direction of John Paton.

Speech choir of 7th and 8th grades recited America the Beautiful, Miss Esther Gibbons in charge.

Solo, Roses of Picardy, by Margaret Izzo.

Battle Hymn of the Republic, solo part sung by James Bowman.

Solo, This Is My Country, Jean Fogarty.

When Johnny Comes Marching Home, sung by group with band accompaniment.

Taps, by buglers of the band.

JURIES DRAWN

Juries for the June term of court have been selected by the jury commissioners and the sheriff. The grand jury will meet on the first Monday of June. The criminal court will open on June 12 and probably will take no more than one week.

VISITING COMMISSIONERS

Two Beaver county commissioners were visitors in the court house on Thursday. Joseph S. Edwards and Thomas B. Gilkey. Mr. Edwards is a former New Castle man, born on the west side, the son of Mr. and Mrs. John Edwards. Mr. Edwards, Sr., was a policeman on the New Castle force for many years.

Commissioner Edwards went to Beaver county many years ago and entered public service after a time. He was chief clerk to the county commissioners for 16 years, served a term as county treasurer and is now in his second term as a county commissioner. Mr. Gilkey is a relative of the late Judge Aaron L. Hazen.

ROCKNE IS DEAD

CHICAGO, May 19.—(INS)—Funeral services will be held tomorrow for Mrs. Martha Gjermo Rockne, 85, mother of Knute Rockne, famed Notre Dame football coach who was killed in an airplane accident in 1931.

Mrs. Rockne died unexpectedly in her Chicago home yesterday.

Two Young Girls
Become Heroines

PITTSBURGH, May 19.—(INS)—Two 15-year-old girls, one of whom was slightly burned herself, today were credited with preventing other children from being hurt by a 115-volt fallen electric wire in McKinley Park.

Sally Boyd stumbled against the wire and was shocked, but both she and her friend, Billie Moran, stood guard until a policeman could notify the electric company to shut off the current.

Members Are Hosts To Fathers And Mothers At Tureen Dinner Thursday Evening

Members of the Order of Builders were hosts to their fathers and mothers at a tureen dinner and program in the main dining room of the Cathedral Thursday evening.

Master Builder Eddie Bush introduced Roy McGaffie as master of ceremonies, and the response from the mothers was given by Mrs. Louis R. Berkheimer, with Harvey B. Bush representing the fathers.

Rev. J. Calvin Rose, pastor of the Second U. P. church, paid tribute to the men from the Builders now in the service of their country, and tribute was paid to the memory of two of the members of the order who have died recently. They are Rex Patch and George Truby.

The beautiful centerpiece of American Beauty roses was presented to Mr. and Mrs. Garland Thayer of Akron, O., being the only parents present who have a son in a prison camp. Their son, Flight Officer James P. Thayer, pilot of "Our Baby" which went down in action, is a prisoner of war in Germany.

Others who spoke were Divisional Deputy Grand Master Builder Carl E. Turner and Ralph B. Hayes, chairman of the advisory board. Cards were presented to the parents of those men in service for their sons.

Following the dinner, there was a program of entertainment which

MANAGER LA SCOLA EXPLAINS BLAZE

According to Manager Sammy J. La Scala, of the Paramount theater the fire which occurred in the projection booth at the theater, Wednesday evening, resulted from lightning coming in over the power line and short-circuiting a light fixture on the wall, just as the operator was engaged in carrying a double-reel film to the projector to thread up. Projectionists Thomas E. Roberts and Hugo S. Calagaza were on duty at the time. The damage which was slight, is covered by insurance.

Collect Salvage At Camp Reynolds

GREENVILLE, Pa., May 19.—An innovation in salvage collection has been instigated at Camp Reynolds by Lt. Col. Harry E. Flook. Five salvage depots have been constructed, one located behind each mess hall, and to these centralized depots is brought all the salvagable waste collected in that area.

Razor blades, bottles, rags, boxes, crates, paper and cans are segregated into separate bins by men detailed to tend the sheds. At least once a day, trucks visit the depots and remove the salvage to the camp collection station.

Wounded Soldier Aboard Hit Ship

Pfc. Howard Hetrick, Recovering From March 21 Wounds, Struck Again

Whereabouts and condition of Pfc. Howard Hetrick of this city are unknown following receipt of a message from the war department by his wife, Mrs. Hetrick of Castlewood, that the ship on which he was being transported from a hospital in Italy was destroyed in the Mediterranean area and that he had received additional wounds in the explosion.

Pfc. Hetrick was seriously wounded in action on March 21 and according to reports received from him previously had been showing improvement after a number of blood transfusions. He had been in an army hospital in Italy since that time.

Destination of the ship he was aboard at the time of its destruction was not stated. Any further information concerning his whereabouts and condition will be forwarded later, the message said.

Pfc. Hetrick is a son of Mr. and Mrs. W. J. Hetrick of North Lee avenue.

Nazis Seek To Prolong War

Believe They Can Gain Some Sort Of Peace Agreement If War Lasts Long Enough

By PIERRE J. HUSS
(U. S. Staff Correspondent)

SUPREME ALLIED HEAD-QUARTERS, England, May 19.—(INS)—Invasion "eve" inside Germany is earmarked by an all-powerful Gestapo grip which leaves nothing to chance in case the Wehrmacht buckles under the whirlwind storm of the second front.

Notices of executions, arrests and warnings gleaned from incoming German publications disclose that a careless whisper of defeatism is sufficient nowadays in Hitler's Reich to bring swift retribution on the hapless one's head.

Endless official regulations and restrictions are stripping daily life more and more down to the essentials of bare living.

Darker Implication
Throughout this whole pattern runs a darker implication being drilled into German heads that no matter how hopeless the outlook, the war will be fought out to the last ditch by the Nazi hierarchy, even if that will precipitate the wanton destruction through exterior or interior war of a larger part of the Reich and its population.

From Switzerland in that connection recently came a clearer expression of that through an unidentified officer of one of Hitler's satellite states, who toured much of Germany not long ago in company with Wehrmacht officers.

He was quoted as follows: "Even if millions of German lives must be sacrificed and two-thirds of Germany destroyed, the men now in control of the Reich are prepared to let it happen as such if thereby they can prolong the war."

"They believe that if the conflict in Europe can be made to last long enough, some sort of peace will be extracted which will leave Germany a sufficient margin to recover and try again in due time."

FIFTH ARMY HITS AT SOUTHERN END OF HITLER LINE

(Continued From Page One)

officially reported in contact with the southern bastions of the Hitler line.

Polish troops of the Eighth Army advanced to within a mile and one-half of Piedmonte to attack the outer breastworks of the northeast flank of the Hitler fortifications.

Bitter fighting raged in the rugged hill area.

Canadian troops in the Liri valley fanned out and penetrated south of the Aquino airport. This advance marked a five-mile penetration from the initial line of attack.

Yanks Drive Ahead
American troops of the Fifth Army continued to exert pressure against the Germans from the key town of Formia on the Gulf of Gaeta, which fell yesterday afternoon.

They took Mount San Mario, on the edge of the southern Liri valley. Snipers who had delayed complete occupation of Formia for some hours were mopped up while Doughboy spearheads pushed to the western exits of Formia. The Germans attempted unsuccessfully to block the road.

Mines and booby traps were numerous throughout the Formia area. Allied naval forces supporting the Fifth Army drove shelled enemy batteries, dumps and roads west of Gaeta.

Italian residents of Formia reported much Nazi looting in the town before the Germans retreated. The capture of Mount Pagetto represented an advance by the Fifth Army of 17 miles since the offensive was launched a week ago last night.

French Near Hitler Line
The French were working up along the slopes of Mount D'Oro which is on the outer fringe of the Hitler line.

Forces attacking Monticelli met an exceptional anti-tank weapon array which opposed Allied tanks.

Along the coast the Americans scored advances of approximately six miles. During the advance forward elements operating in the roadless mountain sector were supplied from the air.

A double envelopment movement was thrust by the Allies in the direction of Pontecorvo, key hinge of the southern Hitler line segment. Front dispatches said that the Germans who were smashed out of Formia fled northward in wild disorder.

The Nazi dropped back hurriedly under the blasts of terrific American artillery fire which blasted them from the strategic coastal supply point on the Gulf of Gaeta.

May Roll Up Flank

The drive by the Doughboys threatened to roll up the southwestern flank and Allied troops of the Eighth Army to the northeast pressed deeper into the outer defenses of the Hitler fortifications.

A British broadcast, heard by NBC, said that the Eighth Army now holds from one to two miles of highway six (the Via Cassilina) which leads to Rome from captured Cassino.

Radio Tokyo, according to NBC, claimed that the troops of its Axis partner were deliberately withdrawing in Italy in anticipation of new thrusts from the Anzio beach-head and new landings by the Allies further up the Italian coast.

The Nazi-operated Paris radio said that the left wing of the Fifth Army, supported by naval bombardment, was developing its offensive and advancing up the Apennine way toward Fondi, 11 miles northwest of Formia.

HELD FOR COURT

Before Alderman James C. Brice, John and Agnes Pastucha of 1517 Moravia street and Adam Proponovitz of 108 Big Run street have been held for the June term of court on the charge of selling beer and liquor illegally. They were arrested a week ago by the state liquor control officers.

Street Rioting In Norway Over Labor Mobilizing

STOCKHOLM, May 19.—(INS)—Street rioting was reported from Oslo today in the wake of an order by Norwegian puppet Premier Vidkun Quisling requiring all Norwegians born between 1921 and 1923 to register in accordance with a new labor mobilization decree.

Patriots appealed to all Norwegians to boycott the mobilization, which probably will mean military service or internment of objections. Norwegians volunteering for German service on the Russian front were reported beaten in the streets. Thousands were arrested and taken to a new Nazi prison camp near the Eggemoen airfield outside of Oslo, established to handle dissident elements when the Allied invasion of Europe begins.

International Group Speaker Dr. Irvine

Rev. S. E. Irvine, D. D., pastor of the First U. P. church, addressed the International Relations Discussion group at the Y. W. C. A. on Wednesday evening on "War and Post-War Problems."

His discussion of this topic ranged over a wide field and covered the opinions of a number of authorities in the field of international relations and suggested solutions for post-war problems at home.

Dr. Irvine's talk was followed by a question and discussion period in which the group present participated with great interest.

Four-Power Pact Can't Guarantee Peace Says Welles

NEW YORK, May 19.—(INS)—The world had a warning today from Sumner Welles, former under-secretary of state, that global peace could not be predicated upon a four-power alliance, which, he said, would involve the United States in a program of imperialism.

Future world peace, Welles told the last of a series of meetings sponsored by the New York Times, is endangered by a trend toward imperialism in some sections of American opinion.

Instead of an alliance composed of the United States, Great Britain, Russia and China, he suggested the formation of an executive council of the United Nations. This, he explained, might consist of 11 representatives, including the four major powers and seven others who would be chosen on a regional basis.

"We may smile wryly at the statement, when it is blurted out, that the United States and Great Britain and the Soviet Union are going to rule the world," Welles said. "But we cannot afford to underestimate the peril to our future safety which

is inherent in the rapid growth of this concept."

Deploping the failure of the U. S. Britain and Russia to form an organization truly representative of the United Nations, the former under-secretary said that other freedom-loving nations would not willingly accept the domination of those three powers.

Forrestal Takes Oath Of Office

WASHINGTON, May 19.—(INS)—Fifty-two-year-old James V. Forrestal was sworn in as secretary of the Navy today succeeding Frank Knox who died last month from a heart ailment.

The oath was administered by Rear Admiral Thomas L. Gatch, the Navy's judge advocate general. Forrestal is the nation's 48th Navy secretary.

McKEESPORT MAN SUICIDES
GREENSBURG, Pa., May 19.—(INS)—The coroner's office today reported suicide as the probable cause of death of George Cunningham, 23, of McKeesport, a Westinghouse clerk who was found dead from motorist poisoning in a car parked in a Greensburg garage. Friends whom Cunningham had been visiting said he had been in ill health.

CARNIVAL WAGON DESTROYED BY FIRE

City firemen were called to the show grounds at Mahoning avenue and North Cedar street at 9:05 o'clock Thursday evening when one of the circus wagons owned by the J. C. Weer Shows, Inc., caught fire and was virtually destroyed. The loss was around \$800, Fire Chief James E. Thomas reports.

Three companies were called to the scene by an alarm from Box 71. The blaze was a spectacular one, which attracted a great crowd of spectators.

Army Air Forces Evacuate 173,527 Wounded In 1943

Big Troop And Carrier Planes
Range Over Many Battle
Areas During Year

By PHILLIPS J. PECK
U. S. Staff Correspondent
WASHINGTON, May 19.—The office of war information reported today that the army air forces medical services evacuated 173,527 injured personnel in 1943 with the loss of only eleven lives in flight.

Lasting the "considerable contribution" of the AAP medical services to American offensives all over the globe, the OWI said there was an average of only one death every 15,775 patients evacuated during last year.

Included among the 173,527 sick wounded and injured transported by plane were 161,541 moved by eleven air forces overseas.

The big troop and cargo carrier

planes ranged from the Mediterranean to the South Pacific, delivering their battle load to forward areas and returning to home base with the casualties of the day's fighting.

Started In 1942
American air forces first evacuated patients by air on a large scale during the late summer 1942 New Guinea counter offensive against the Japanese, when the only means of moving casualties from the Buna-Gona area over the 9,000 foot Owen Stanley mountains to Port Moresby was by plane.

On Guadalcanal, Marine DC-3's and AAP troop carrier C-47's landed by night at Henderson Field, unloading ammunition and gasoline, loading wounded soldiers, and headed back to their base in New Caledonia.

The OWI report stated that a considerable number of the casualties evacuated by air were so serious that other means of transportation or delay in their removal to base hospitals would have added materially to the death toll.

Maj. Gen. David N. W. Grant, the air surgeon general, asserted that the spectacular advance of aviation medicine during the World War II has solved the logistical problem of casualty evacuation without any addition of vehicular equipment to medical corps units and has reduced the need for hospitalization facilities in forward areas.

The AAP medical services have a personnel of nearly 100,000 and maintain 230 hospitals containing 64,000 beds.

Thirteen Killed In Plane Crash

NORFOLK, Va., May 19.—(INS)—Headquarters of the Fifth Naval District announced today that all thirteen occupants of a navy patrol plane were killed this morning when the ship crashed about six miles south of Cherry Point, N. C.

Names of the dead are being withheld pending notification of the next of kin.

Canning Sugar Data Is Given

HARRISBURG, May 19.—(INS)—Ten pounds of sugar for each member of a family will be allotted during the initial "canning sugar season" May 15 to July 15, the Harrisburg district Office of Price Administration announced Friday.

An additional 10 pounds for each family member will be made available, the office added, during the second canning season, July 16 to October 31. Families not using all of the first ration may apply the balance to increase the second allotment. Families have been limited to a maximum of 250 pounds. Canning sugar will be available in addition to the individual five-pound ration secured with stamp number 40, the OPA said.

OFFICER PRUNING HAS BEEN STARTED

WASHINGTON.—(INS)—The war department has disclosed that efficiency screening of the rapidly expanding officers corps has begun. The department explained it was "an obligation and a necessity to eliminate officers who cannot meet requirements." Men not suited to jobs will be reassigned, demoted or separated from the service. Only a small percentage, however, will be affected.

THESE ROBBERS DO REAL THOROUGH JOB

NEWARK, N. J.—(INS)—David Kohn, partner in a Newark firm, held up and robbed of a \$1,400 payroll, returned to his office to find the company's safe had been looted. Expert safe crackers ripped an 800-pound strongbox apart to escape with checks for several hundred dollars, \$7 in cash and \$4 in stamps.

Business Shows Two-Point Rise

PITTSBURGH, May 19.—(INS)—Exceedingly heavy retail sales in Pittsburgh—largest since the week immediately preceding Easter, combined with sharp gains in rail shipments as the main causes of a two-point boost in the index of business in the Pittsburgh district last week.

The Bureau of Business Research of the University of Pittsburgh, which made the report, said the index, after allowance for usual seasonal changes, stood at 178.1 per cent of the 1935-39 average, as against 176.1 in the preceding week and 171.9 in the same week of 1943. The operating rate of the steel industry in the district declined fractionally.

German Retreat Is Disorderly Says Alexander

NAPLES, May 19.—(INS)—The German retreat south of the Liri river is "definitely disorderly," Gen. Sir Harold R. L. G. Alexander announced today.

Through a spokesman, the commander-in-chief of Allied ground forces in Italy paid tribute to the "superior generalship" of Allied field forces and voiced his appreciation to all concerned.

The spokesman stressed the unparalleled character of the present campaign, which sees two separate armies fighting in different areas under close personal direction of one leader.

This same procedure may be expected to follow when the new Allied invasions of Europe take place.

Allied generalship, the spokesman pointed out, is "far superior to that of the enemy."

The Allied plan was disclosed to be one of "isolation of the enemy in battle areas" by means of ground action coordinated with aerial attacks. Thus far, the spokesman said, the entire program has worked out successfully, and the advance is speedier than had been expected.

Pirates Hustle; Defeat Dodgers In Ninth Inning

Pirates Unlimber Hitting Spree In Ninth To Subdue Brooklyn

SENATORS THREATEN NEW YORK YANKEES

NEW YORK, May 19.—(INS)—The Pittsburgh Pirates are something less than modern hitting wonders. They are far from the best balanced ball club in the war-torn game today. Yet they are a good hustling first division outfit in the national league standings and threaten to improve before they do any backsliding.

They tied the can to the Brooklyn Dodgers yesterday in a way to indicate that they will fight it out to the bitter finish to show that they will be among the leaders when the race finally is over.

They were handcuffed for eight innings with three hits by Rube Melton yesterday afternoon. The Dodgers enjoyed a 3 to 0 lead. It looked as though the seventh place "Bums" had won safely tucked away then, before the final round was over they had won the ball game by 4 to 3.

With the New York-Chicago game postponed, the remaining two national league games were conducted during the evening.

Cards Win Again
In a St. Louis night game, Pitcher Al Javery of the Boston Braves held the Cardinals to two hits but nevertheless the Cards won, 2-0.

The other national league game is light game at Cincinnati, saw the Philadelphia Phils score a 2-0 win over the Reds, who were stymied by Ken Raffenberg's pitching.

In the American league, the Yankees held a 4 to 1 lead through the seventh, then the Chicago White Sox began to go against Ernie Bonham. They tied the game in the ninth and scored four times in the 10th to win by 8 to 4 on 17 hits.

Tigers Top Macks

The Philadelphia Athletics out-bid the Detroit Tigers 9 to 3, but the latter won the ball game, 1 to 0, when they put together two of their hits and a sacrifice for the only run of the game.

The veteran Oscar Judd hurled a five-hitter for the Boston Red Sox to trip up the St. Louis Browns 12 to 1.

A 4-2 victory by the Nationals in a night game in Washington gave Washington its third win over Cleveland in four starts, moving the Nats within 009 of the league-leading Yankees.

SPORTSMEN TO START CLUBHOUSE

H. N. Drio, secretary, Lawrence County Sportsmen's association, today announced that, within the very near future, construction will start on the association's clubhouse on their plot or game refuge at Harbor bridge.

The board of directors decided upon this at their meeting Thursday night at the refuge.

The building will be of cement block and will be constructed so that it can be added to.

President Andrew Dodds stated that sportsmen are expected to help construct the building. Any member willing to help should telephone President Dodds.

Casey Stengel With Winning Team Again

MILWAUKEE, May 19.—Casey Stengel, whose terms as manager of the Brooklyn Dodgers and Boston Braves might have soured a less patient man, is very much obliged for the combination of circumstances which made him manager of the Milwaukee Brewers.

Stengel took over as pilot of the Brewers May 7, when Charley Grimm was called back to Chicago for his second crack at managing the Cubs. He moved in as manager of a club that had won four straight, and watched it run the string to 12 and establish a long early-season lead in the American Association race.

The Brewers lost their first game in 13 in the tenth inning Tuesday to Louisville.

"It's delightful to be with a winner again," he said today.

SEES THREE DEER IN CITY TODAY

Some times a hunter travels a long distance and returns home without having brought down a deer or having seen one. However, one doesn't necessarily have to be a hunter or travel to see deer; that is, if he has keen eyes and the gentleman who saw not one but three of them this morning has such eyes. He is Russell Rhodes of The News.

Enroute to work this morning he espied three deer on the city side of North Mercer street at Northview avenue. They raced south on North Mercer street and turned again into the city side in the vicinity of Fairmont and Clemence avenue.

"A beautiful sight," said Rhodes.

Today's Games In Catholic League

Schedule of the Catholic Reserve Baseball league for today is St. Vitus vs. St. Lucy at South St. Michael vs. St. Marys at North and St. Monica vs. St. Philip & James at Wampum. The St. Joseph and Madonna game has been cancelled. The games will start at six o'clock p.m.

Young Pitches Moose To Lead In City Loop

Hangst Hits Homer With One On; Houston Triples, Two On Base

SHENANGO DEFEATS I. A. MACHINISTS

Ivan Young, former American Legion junior hurler, made good in faster company Thursday at the E. & A. field as he pitched the Moose to a 10 to 4 victory over the Universal-Refractories team. It was the third straight win for the Moose who lead the city loop.

Young held the Uni-Refracs to six hits and fanned 10. The Moose got six hits off Hill and Sumner. Hangst of Ellwood City, another Legion league graduate, featured with a homer in the fourth for the Moose with one man on base. Houston hit a triple with two on base.

HERE AND THERE IN SPORTS LAND

"Homeless, mongrel dogs are running at large in every city of any size, hundreds in the larger towns, and a like percentage in the smaller towns and villages. When their numbers become too many for their necessary food supply, many of them wander off to the rural sections where they eventually become wild dogs, preying on everything that will provide them with the sustenance of life. Everyone in every city or town knows this but what are any of us doing about it? asks Seth L. Myers, outdoors' writer for Northwest Sportsman.

The dog law, and dog law enforcement certainly has given to be little less than a windy threat, a miserable flop and the many times I have heard it discussed at sportsman conventions, it was treated as a state wide joke. The homeless dog problem is no joke however, and the current epidemic of rabies will likely become worse in the warm months ahead. It is not uncommon to see as many as nine or ten stray dogs in one pack tearing through one's yard or garden. In such a pack there will be seen various sizes, colors and breed mixtures that no one could even guess as to their origin. These animals are not owned by hunters who know that for reliability dogs must be of good breeding.

A few mongrels can be trained to obey a master while under the control of the master, but what they will do when at large is questionable. We know for certain what thousands of them are doing in Pennsylvania; their destruction speaks for itself.

We all agree that this stray dog problem needs serious attention but how shall we begin? When a new litter of mongrel puppies are born everyone in the neighborhood thinks they're so darned cute that no one has the heart to "do away with them." They are permitted to grow up and run loose to join the already large number in the vicinity. Some of them become pets of children and no one wants the job of killing a boy's pet. The result is of course an over supply of harmless pets with no control what-so-ever. When rabies start amid these half starved dogs the results are dangerous for other animals and many humans suffer from their brief reign of terror. This problem must be solved, and soon.

Perhaps the best way to handle the thing would be to place a bounty on all dogs not carrying a license. It may be necessary to make a law requiring persons harboring female dogs whose pups are of unknown sire, to report the litter to authorities when at birth. This would require a deputy dog law enforcement officer at every crossroads, but why not? If mongrels increase a great deal it will be necessary to keep the children in pens for safety.

Hershey Player Now American Citizen

HARRISBURG, May 19.—Wally Kilrea, first-string center for the Hershey American league hockey team for six years before entering the army air force as a private last January, today held United States citizenship.

Kilrea, a native Canadian who has lived in this country most of his 34 years, was granted his citizenship papers in Dauphin county court yesterday and almost immediately thereafter was transferred from Middletown air depot to a California base.

Asks Race Tracks Close On D-Day

CHICAGO, May 19.—(INS)—Major Edwyed H. Williams, chairman of the Illinois Racing board, said today he would request any state tracks that are operating on D-day the day when the Allied armies start their invasion of Europe, to suspend their programs for that day.

He said he was doing this in conformity to the suggestion of Herbert Bayard Swope, chairman of the New York Racing Commission, that all tracks in the nation close on D-day.

Pep Favored To Defeat Rubino

Chicago Fight Fans Excited Over Seeing Sensational Pep

By DAVID J. WALSH (International News Service Sports Writer)

CHICAGO, May 19.—After doddering along through recent years with a lot of guys named Malachi, this suddenly rabid town will witness its second unveiling of a world's champion within a matter of a very few weeks, tonight down at the Chicago Coliseum. It will be strictly the old 10-round, over-the-weight, non-title routine, however, when Willie Pep, the featherweight champion, and Frank Rubino, of Brooklyn, come out from their corners with the first bell. But Chicago apparently is of no mind to be sensitive about technicalities.

The promotion, in fact, went into its last day this morning with an advance of \$7,000, and since Chicago is a day-of-the-fight sale town, the gross may run well up toward \$20,000 (which certainly isn't seaweed for a fight like this).

Pep Is Favored

Quite evidently, most of the money will be there just for the sake of seeing Pep present his record, which is first rate. And with chins slightly ajar, to watch Willie Parks, a knocker-outter and lumber-upper, in the semi-windup. Anyhow, Pep figures to have too much class for the likes of Rubino.

This weeping statement, incidentally is coming from the same party

(I. E. US) who nine years ago wrote that Saer was so sure to beat Braddock that, if he didn't, we'd be only too delighted to jump off the Metropolitan tower, by way of paying our debt to society. The point is the only sure thing about prize fighting is that the middle of the ring is a very silly place for any sensible man to be.

Bounty Restored On Horned Owls

HARRISBURG, May 19.—(INS)—The restoration of \$4 bounties on great horned owls after a five year absence was announced today by President Ross L. Leffler of the state game commission.

Rewards for owls were withdrawn May 31, 1939. The new bounties will become effective July 15. The commission also offered \$2 rewards for great horned owl fledglings. The birds were said to have become abundant in recent years.

Leffler said bounties for weasels were increased from 50 cents to \$1, while \$2 bounties on goshawks and \$4 rewards for gray foxes remain unchanged.

The new rates cover the designated birds and animals killed in Pennsylvania from July 15 to the end of the year.

Fruit Helps Improve Player, Mack States

PHILADELPHIA, May 19.—Cuban Roberto Estalella of Mr. Mack's Athletics took some of the Cuban hot stuff out of his diet this spring—and now it's in his legs—and arms.

Mr. Mack affirmed today that Roberto is not only hot, but also the "most improved" player in the major leagues.

Last year the chunky little neighbor hit 259. Now he's doing 343. Last year he threw a bit like the star of the Paoli girls' softball team. Now he's fast, accurate and smooth. Last year he often misjudged the ball in flight. Now his judgment is tops.

"It's fruit that did it," said Mr. Mack. "Fruit and changing his playing position. He never played center field before. The position is made for him."

Alcoa And Bronze Sign More Players

Harry White of the Alcoa today announced the signing James E. Maher, Loy Tanner, E. W. Vestrand, Joe Kruk and Dave Evans. Some or all of them may get in Alcoa's game Sunday when they will play the I. A. M. at E. & A. field. Thornton and Dando will battery for the Alcoa.

Mike Diffley also announced the signing of Earl Hawk.

All the foregoing players were signed on or previous to May 17.

Legion Juniors Again In Action

Dean Park Noses Out Fannins In Hard Battle—Cozy Corners, Wolverines Win

Teams in the American Legion Junior league renewed activities Thursday evening, when three games were played. Dean Park nosing out a strong Fannin aggregation 6-3, while Cozy Corners defeated North Hill Cardinals 8-4, and the Wolverines took advantage of the younger and less experienced Cubs to roll up a 27-3 score.

Vargo, on the mound for Dean Park, pitched a two-hitter and himself collected a pair of swats while figured in the win. "Buzzy" Panella's pinch single in the sixth inning started the winning rally. For Fannins the playing of Ron was sparkling. Mills' triple was the only extra base swat in this battle.

Rhodes of the Cozy Corners gave the North Hill Cardinals six scattered bingles, while Cozy Corners gathered 13 hits off Samiac. B. Zeigler and Betts connected for doubles, and Rhodes, in addition to hurling well, collected three bingles.

The young Cubs were outclassed by the strong Wolverine aggregation. Koszela yielding but one hit, while his mates were pounding. Doer, Tanner had a double and two homers, while Jopek had a double and homer in the hitting spree of the winners.

Fair Or Foul

By LAWTON CARVER

(International News Service Sports Editor)

NEW YORK, May 19.—(INS)—One of the favorite indoor pastimes around here at the moment finds some of our citizens picking Leo Durocher apart. They have got his managerial carcass stripped down to the bare bones, but show no inclination to let the skeleton up.

He has made some mistakes this season that in the past would have been regarded as strokes of genius. The trouble seems to be that he is still a gambling manager with the Brooklyn Dodgers, when, as a matter of fact, he doesn't have the kind of ball club that will permit of chance-taking.

You are not going to hear me say that he is the little Napoleon of modern times, who would be up there racing the Cardinals for the pennant if he had a better club. But I will say that considering the club he is working with he is doing about as well as can be expected and what difference does it make anyway?

Many Misfits
In the first place every club is burdened with more misfits than a barrel of nails, and secondly the Cardinals are going to win the national league pennant by 20 games anyway.

They have enough of their players from the two straight pennant winners to keep moving and they figure to begin a dash down the stretch that will leave the rest fighting it out for the rest of the first division spots.

If Durocher finishes as high as fourth with the current Dodgers the job should be acceptable; if he lands in third place he will deserve a cheer from his Flatbush followers, while a roundup as high as second would be nothing short of a miracle.

Durocher can't be criticized too much for taking chances. That is the kind of a man he is, the kind of manager he was when he was the hottest success in the national league and the kind of a character he will be as long as he is able to open his big mouth and let out a bellow.

Talent Is Scarce

Sure, everybody knows that a genius would make his tactics fit his players, but when really dependable talent is so scarce that you can't tell from one minute to the next whether your centerfielder should be at shortstop, or vice versa there are bound to be mistakes. Some point out that Durocher is experimenting too wildly with his club, and they insist that this indicates a lack of grip on the situation.

All I would know about that is the certainty that a manager is almost forced to keep moving his players around in these early games, trying to find some click for the run to the wire, and the Cards are one of the few clubs that can tell with reasonable assurance what the lineup should be from one day to the next.

The rest either are unsettled or so weak through the entire roster that they are content to roll along as best they can, hoping the worst will be temporarily delayed, the worst being that spell when they begin to go in reverse like, say, the Chicago Cubs.

The latter club beat the Dodgers for their fourth win against seventeen defeats the other day giving them a firm hold on last place. The Dodgers' loss was their 12th straight against 11 wins, dropping them just below 300.

During the spring training the Dodgers looked like one of the worst clubs ever put together, and nothing has happened to change that. They might get going and wind up looking pretty good.

But why blame Durocher meantime?

Commencement At Westminster

Class To Be Graduated At
Exercises On Saturday
Afternoon

MANY FEATURES TO DAY'S PROGRAM

(Special To The News)

NEW WILMINGTON, Pa., May 19.—Thirty-five seniors are candidates for degrees at Westminster's 90th annual graduation exercises Saturday, May 20, which will highlight a full day's program of college and alumni activities.

Capt. Edward V. Rickenbacker, famous American World War I aviator and now president of Eastern Airlines, and Eric T. Clarke, executive secretary, Metropolitan Opera company, will be the principal speakers at commencement exercises at 4 p. m.

Both men will receive honorary degrees. Rickenbacker will be awarded a doctor of science degree and Clarke will be given a doctor of laws degree. Other recipients of degrees include J. Gilbert Quick, University of Pittsburgh registrar, doctor of pedagogy, and Rev. Edward A. Daum, assistant pastor, Sixth United Presbyterian church, Pittsburgh, doctor of divinity.

Degrees For Men In Service

Two men now in service are included among the 35 candidates for degrees. The senior class is smaller than usual because many of its members have gone into service, and also because a number have graduated early under the college's wartime accelerated program. Nineteen members of the class received diplomas in January at the mid-year commencement, while eleven were graduated last August.

In addition to the commencement exercises, the day will feature alumni meeting and a luncheon, the crowning of May Queen Evelyn Crooks, Imperial, Pa., by last year's queen, Ruth Galbreath, daughter of college president, Dr. and Mrs. R. F. Galbreath.

Members Of Class

Among the candidates for degrees are eight Lawrence and Mercer county students. They are Miss Joan Simpson, Miss Kathryn Wilcox and James Hays, New Castle; Miss Lillian Semple and Miss Lucille Semple, West Middlesex; Miss Betty Yahn and Mrs. Carolyn Downs Clements, New Wilmington, and Mrs. Victoria Moldovan, Farrell. All of them will receive bachelor of arts degrees.

The other students who are candidates for bachelor of arts degrees include Miss Harriet Behm, Butler; Miss Lucille M. Dimon, Hamburg, N. Y.; Miss Helen Fay, Oil City; Miss Elizabeth Gibson, Crafton; Miss Marjorie Hazen, Coraopolis; Miss Marian Hendrickson, Youngstown; Miss Doris Klein, Homestead Park; Miss Elaine Lowry, Rea; Miss Maryjane McCoy, McKeesport; Miss Louise Mason, McKeesport; Miss Jane Sinewe, Verona; Miss Alice Wetmore, Canfield, O.; and Miss Beatrice Zapp, Ardrey.

Bachelor of science degrees will go to Miss Jeanne Ellen Brown, Pittsburgh; Miss Annabelle Hughes, Gibsonia; Keith Kingsbury, Boonville, N. Y.; Alfred Laing, New Kensington; Thomas McIntire, Pittsburgh, and Miss Irene Solomon, Vandergrift.

Candidates for bachelor of business administration degrees are Miss Louise Denniston, Ellwood City; Miss Nancy Paik, Avon, and Miss Dorothy Stein, Maplewood, N. J.

Two men in service will be awarded degrees. Ensign Charles Hamel, Pittsburgh, will receive a bachelor of business administration degree while George Campbell, Conneville, will receive a bachelor of arts degree.
